The Forsaken is a book that I was really looking forward to, as it had a gorgeous cover and an equally intriguing premise. With the dystopian genre as the new à la mode, it's difficult to find a series that can truly set itself apart from the rest. The bar has been set pretty high, and it's not easy to come up with something that is truly gripping.

This has to be without a doubt my

favorite book in the series. The first one, I loved the plotline, but I hated the romance. The second one, the plot was good and the romance had gotten a bit better. Lisa M. Stasse finally got the ratios right this time with the third one because, oh my god, I was so obsessed with this.

It's sad to hear that you didn't like it. I thought it would be great. Thanks for sharing!

Review: The Forsaken by Lisa M. Stasse - Pure Imagination

The Forsaken presents a classic dystopian theme, with a corrupt government becoming overpowering and tyrannical, with the twist of science-fiction robotics and genetic manufacturing... Stasse has brilliantly combined two popular teen genres into a world of action and suspense that most teen readers will not want to put down.
