Making It Right is a book about just that: what product management is, what it isn't, why it's important, and how to approach it strategically and meaningfully to get things done well.

Available today. You've seen this happen a thousand times. An organization struggles with a high level of internal enthusiasm and creative chaos that team leaders don't know how to handle any more.

“Making It Right”: Product Management For A Startup World ...

A product manager has three primary areas of focus: 1) making the business successful; 2) deeply understanding the target market and the needs of the company's customers which translates into the best possible customer experience of the product; and 3) driving the continuous planning and execution cycles in a sustainable way to support business growth and market needs.

Making it Right - Product Bookshelf

From Amazon: "Product management is one of the most exhausting, exhilarating, stressful, and rewarding careers out there. It's not for the faint of heart. It's

for people who want to move mountains. It swallows some whole, but others derive endless invigoration and passion from the pace and the impact and the glory and the huge potential for failure as well as success.

Making It Right - Product management for a startup world ...

Product management is usually introduced in an organization once there is such a high level of internal enthusiasm and chaos that the leaders aren't sure how to handle it any more. And then everyone looks to the product manager to "manage stuff." — Rian van der Merwe, Making It Right: Product Management For A Startup World
