Education Globalization And Social Change

Abstract. Education is seen as central to economic competitiveness, the reduction of poverty and inequality, and environmental sustainability. The editors have selected key writings that examine the social and economic limits- and possibilities of- education in addressing these fundamental problems. This new reader establishes the field of sociology of education

with a particular focus on papers that analyse the nature and extent of globalization in education.

Education Globalization And Social Change PDF
Globalization and

Social Change takes a refreshing new perspective on globalization and widening social and spatial inequalities. Diane Perrons draws on ideas about the new economy, risk society, welfare regimes and political economy to explain the growing social and spatial divisions characteristic of our increasingly divided world.

Education, Globalization, and

Social Change (2006-07-13 ...

By the early 21st century, the process of globalization of social relations in the main has been practically completed in its due form. But with respect to the content, the humankind is still to become a global community. This

assumes serious change in people's outlook, cultural traditions and values. There is no alternative to the united humankind and consequently, for the sake of preservation of the civilization on the planet there should be established not only common principles and rules ...
