IEEE citation style is used primarily for electronics, engineering, telecommunications, computer science, and information technology reports. The three main parts of a reference are as follows: • Author's name listed as first initial of first name, then full last. • Title of article, patent, conference paper, etc., in quotation marks.

### How to Cite References: IEEE Documentation Style

IEEE publications must list names of all authors, up to six names. If there are more than six names listed, use the primary author's name followed by et al. For non-IEEE publications, et al. may be used if names are not provided. All references, except those ending with URLs, will end with a period, including those with a DOI.
