Broken up into "Rounds," trained fighter and writer Carla Hoch guides you through the many factors you'll need to consider when developing battles and brawls. • In Round 1, you will consider how the Who, When, Where, and Why questions affect what type of fight scene you want to craft. • Round 2 delves into the human factors of biology (think fight or flight and adrenaline) and psychology (aggression and response to injuring or killing another person). • Round 3 explores different fighting styles that are appropriate for different situations: How would a character fight from a prone position versus being attacked in the street? What is the vocabulary used to describe these styles? • Round 4 considers weaponry and will guide you

to select the best weapon for your characters, including nontraditional weapons of opportunity, while also thinking about the nitty-gritty details of using them. • In Round 5, you'll learn how to accurately describe realistic injuries sustained from the fights and certain weapons, and what kind of injuries will kill a character or render them unable to fight further. By taking into account where your character is in the world, when in history the fight is happening, what the character's motivation for fighting is, and much more, you'll be able write fight scenes unique to your plot and characters, all while satisfying your reader's discerning eye.

### **Destroy All Monsters**

**The Last Rock Novel** *FSG Originals*

"A wild roar of a novel . . . Writing about music is tricky. Ninety-nine percent of the time hearing the actual song or going to the actual concert is far more revealing than any paragraph describing it. But Jackson pulls off this near-impossible feat, pulling the reader past the velvet ropes into the black-box theaters and sweaty, sticky-floored stadiums." —Marisha Pessl, *The New York Times Book Review* An epidemic of violence is sweeping the country: musicians are being murdered onstage in the middle of their sets by members of their audience. Are these random copycat killings, or is something more sinister at work? Has music itself become corrupted in a culture where everything is available, everybody is a "creative," and attention spans have

dwindled to nothing? With its cast of ambitious bands, yearning fans, and enigmatic killers, *Destroy All Monsters* tells a haunted and romantic story of overdue endings and unlikely beginnings that will resonate with anybody who's ever loved rock and roll. Like a classic vinyl single, *Destroy All Monsters* has two sides, which can be read in either order. At the heart of Side A, "My Dark Ages," is Xenie, a young woman who is repulsed by the violence of the epidemic but who still finds herself drawn deeper into the mystery. Side B, "Kill City," follows an alternate history, featuring familiar characters in surprising roles, and burrows deeper into the methods and motivations of the murderers. "At some point, I began to think of it as an ancient folk tale. It's fine work, with a

kind of scattered narrative set within a tight frame. Fast-moving throughout—fragile characters who suggest a bleak inner world made in their own collective image.” —Don DeLillo “Destroy All Monsters has a distinct pulse—a kind of heartbeat—that comes out of the rhythm of the prose, the inventiveness of the form, and the willingness of Jeff Jackson to engage the mysterious alchemy of violence, performance, and authenticity. This accomplished, uncanny novel is simultaneously seductive and unsettling.” —Dana Spiotta, author of *Innocents and Others* and *Eat the Document* “Surges with new-century anxiety and paranoia . . . A clear-eyed, stone-cold vision of what’s to come.” —Ben Marcus “Jeff Jackson is one of

contemporary American fiction’s most sterling and gifted new masters. *Destroy All Monsters* . . . is a wonder to behold.” —Dennis Cooper

### **A Slip of the Keyboard**

#### **Collected Nonfiction** *Anchor*

A collection of essays and other non fiction from Terry Pratchett, spanning the whole of his writing career from his early years to the present day. Terry Pratchett has earned a place in the hearts of readers the world over with his bestselling Discworld series -- but in recent years he has become equally well-known and respected as an outspoken campaigner for causes including Alzheimer's research and animal rights. A Slip of the Keyboard brings together for the first time the finest examples of Pratchett's non fiction writing, both serious and surreal: from musings on mushrooms to what it means to be a writer (and why banana daiquiris are so important); from memories of Granny Pratchett to speculation about

Gandalf's love life, and passionate defences of the causes dear to him. With all the humour and humanity that have made his novels so enduringly popular, this collection brings Pratchett out from behind the scenes of the Discworld to speak for himself -- man and boy, bibliophile and computer geek, champion of hats, orangutans and Dignity in Dying. Snuff was the bestselling adult hardcover novel of 2011. A Blink of the Screen, Terry's short fiction collection, was also one of the bestselling hardcovers of 2012.

**I Don't Want To Kill You** *Hachette UK*

I Don't Want to Kill You is the third darkly comic novel in the John Wayne Carver series by Dan Wells, the first of which - I Am Not a Serial Killer - is now a major

motion picture. Sixteen-year-old John Wayne Cleaver has always known he's different, but not because he only has one friend (and doesn't much like him) and not because he regularly helps out in his mother's mortuary. He's different because he recognizes the classic signs of an incipient serial killer in his own personality, and he's created a rigid set of rules to follow to keep his darker nature, the one he calls Mr Monster in check. But John discovers it's the personality traits he so fears that put him in the best position to save the people of his town from a series of horrific and disturbing killers...

### **Kill 'Em All**

#### **A True Story of Abuse, Revenge and the Making of a Monster**

"I have no desire whatever to reform myself. My only desire is to reform

people who try to reform me. And I believe that the only way to reform people is to kill 'em. My motto is, Rob em all, Rape em all and Kill em all." - Carl Panzram In 1902, at the age of 11, Carl Panzram broke into a neighbour's home and stole some apples, a pie, and a revolver. As a frequent troublemaker, the court decided to make an example of him and placed him into the care of the Minnesota State Reform School. During his two-year detention, Carl was repeatedly beaten, tortured, humiliated and raped by the school staff. At 15-years old, Carl enlisted in the army by lying about his age but his career was short-lived. He was dishonourably discharged for stealing army supplies and was sent to military prison. The brutal prison system sculpted Carl into

the man that he would remain for the rest of his life. He hated the whole of mankind and wanted revenge. When Carl left prison in 1910, he set out to rob, burn, rape and kill as many people as he could, for as long as he could. His campaign of terror could finally begin and nothing could stand in his way. Kill 'Em All is a chilling and gripping account of one of the most brutal and gruesome true crime stories in American history. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller. CAUTION: This book contains descriptive accounts of abuse and violence. If you are especially sensitive to this material, it might be advisable not to read any further

### **The Terror**

#### **A Novel** *Little, Brown*

The "masterfully chilling" novel that inspired the hit AMC series

(Entertainment Weekly). The men on board the HMS Terror — part of the 1845 Franklin Expedition, the first steam-powered vessels ever to search for the legendary Northwest Passage — are entering a second summer in the Arctic Circle without a thaw, stranded in a nightmarish landscape of encroaching ice and darkness. Endlessly cold, they struggle to survive with poisonous

rations, a dwindling coal supply, and ships buckling in the grip of crushing ice. But their real enemy is even more terrifying. There is something out there in the frigid darkness: an unseen predator stalking their ship, a monstrous terror clawing to get in. “The best and most unusual historical novel I have read in years.” —Katherine A. Powers, Boston Globe
