Research interests and personal profile . I devote most of my research to the question of how, since

the late eighteenth century, markets ended up becoming such pervasive sociotechnological-economic - arrangements. In my search for answers, I am looking at the development of

Research interests and personal profile

The most common challenge that my clients face when writing a statement of purpose (SOP) for a Master's or PhD application is how to describe, in concrete terms, what their research interests and goals are. It's one thing to express interest in a field, or explain where that interest came from—but when it comes to setting out some plans and goals, people get a bit anxious.

How to Write About Your Research Interests | Accepted

The sequence above actually provides a good ‘spine’ for a personal statement (with roughly a paragraph or two for each section): Start with a quick introduction, explaining who you are and what your background is. Try to have this progress naturally into your research interests and your choice of PhD and university.
