Constitutional law is an area of law dealing with the interpretation and application of the powers, rights, and freedoms established by a formally adopted constitution or charter. It encompasses the powers of the various branches of government and the rights of the people. Constitutional law evolves over time as it is interpreted by the courts and legislative bodies.

Constitutional law is a body of law which defines the role, powers, and structure of different entities within a state, namely, the executive, the parliament or legislature, and the judiciary; as well as the basic rights of citizens and, in federal countries such as the United States and Canada, the relationship between the central government and state, provincial, or territorial governments. Not all nation states have codified constitutions, though all such states have a jus commune, or law of

Our LLM Constitutional Politics, Law and Theory reflects the traditional neglect of constitutionalist approaches to politics in Britain - something which is now changing fast. As the utopia of the 'end of history' falters, the rhetoric of security and risk, of crisis in the relation between financial markets and sovereign states, of perpetual war, and of corruption in politics brings about a relentless desire for law and constitutional reform.
