The Political Economy of Latin America: Kingstone, Peter ...
Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word "oikonomía". The earliest works of political economy are usually attributed to the British scholars ...
