However, CIBSE Society of Light and Lighting (SLL) LG14 2 notes that a well-informed and interested user group is necessary to ensure that the control system performs at its best, with less chance of compromise to its operation in subsequent months or years. User expectations can often be influenced by poor communication during the design process, and the lighting-control designer should seek to engage with the user group as early as possible to establish an understanding of their needs.

Module 169: Advancing towards ‘smart’ lighting control for ...

CIBSE’s new guide to hospital lighting design published. One innovation in CIBSE’s new guide to hospital lighting design was getting the DoH involved at the outset. Another is the holistic approach it sets out. Principal author Nicholas Bukorovic explains. The revised Lighting Guide 2, CIBSE’s long-awaited update of its publication on lighting for hospitals and healthcare buildings, has finally arrived.
