Jasper High Performance Engines

JASPER® has been building engines and transmissions since 1942, and in that time we've learned a few things... like, how to get every inch of power out of our performance products. Our Class II performance crate engines are designed to bring your vehicle to the next level. If your passion lies with street rods, muscle cars, racing, or a project vehicle somewhere in between, JASPER has the crate engine, transmission or a combination of both

that will give you the performance you need and fit ...

JASPER Remanufactured Class II Performance Crate Engines

The Jasper stock performance engine is ideal for street rods, Corvettes, Camaros and other ...

Jasper Stock Performance Engines

Experience the power of a JASPER PERFORMANCE Marine engine! Let's face it, a stock performance engine will get you where you want to go, but some of us want to get there a little faster. JASPER MARINE offers a complete line of marine performance engines built with your needs and applications in mind. If you want

that extra edge on the water for your favorite water sport or just love the feel of the wind and roar of the engine as you push your boat to full throttle, then our Class II ...

Jasper Performance Marine Engines

The JASPER® "Stock Performance Engine" has a more aggressive camshaft profile compared to the Class I engine and also receives performance cylinder heads as an upgraded bolt-on part. With performance starting at 300 horsepower, and that fair idle lope street rod & muscle car guys love to hear, the stock performance engine is regarded as the most economical horsepower build.

JASPER®

Performance Engines - Jasper Websites

The Class I version of the JASPER PERFORMANCE Engine is for the individual who wants more performance than stock but nothing too radical in camshaft or engine design. Our Class I engine does not use a radical camshaft and it's compatible with today's computer controlled engines. Proudly built in the U.S.A.

JASPER Remanufactured Class I Performance Engines

Class I engines generally produce about 10% more horsepower and torque over the standard stock engine. The next step up is JASPER's "Stock Performance

Engine." These engines utilize a more aggressive camshaft profile compared to the Class I engine. They also receive performance cylinder heads as an upgraded bolt-on part.

Jasper Crate Engines

JASPER has been remanufacturing quality products since 1942 and today we are the nation's largest remanufacturer of gas and diesel engines, transmissions, differentials, rear axle assemblies, air and fuel components, marine engines, sterndrives, performance engines, and electric motors. JASPER's 2,300+ Associates and 50 branch and distributor locations are committed to providing you with the perfect

product.

JASPER Engines - Remanufactured engines,

transmissions and ...

JASPER Performance Transmissions - JASPER® offers two levels of performance transmissions. The Class I Performance transmission is for the individual who wants more performance than stock, but nothing too radical in shift pattern. The Class I transmission does not have a drastically altered shift but will provide firmer, more pronounced shifting.
