Language Transfer In Language Learning

The term language transfer is used to describe what occurs when people who are in the process of learning a new language transfer the applications from their native language, or their first language, to the new language. That is to say that the people learning the new language use some of the aspects that are applicable to the previous language while learning the new one as part of the process of understanding or learning the new language.

What Is Language Transfer? (with pictures)

1 Definition. In second language learning, learners use different strategies to acquire knowledge. One of these strategies is language transfer. It consists of replicating structures from the learners' first language when they are speaking or writing something in a second language. Linguists agree that language transfer is used by language learners especially when they are unsure about which structure to use in the second language.
