Development of a diagnostic and remedial learning system ...

Remedial education tends to focus on giving strong basic or 'foundational' knowledge to students so they can succeed in the future. Reinforcement. Remedial education helps students reinforce knowledge. When a teacher presents information to

their class, usually some will get it easily and be ready to move on. However, others will struggle.

Remedial Education - Examples, Pros & Cons (2020)

He argued (pp. 302–303) that any “effective program of differentiated instruction in arithmetic must

include provision for comprehensive evaluation, periodic diagnosis, and appropriate remedial work” and that “[e]xcept for extreme cases of disability, which demand the aid of clinicians and special services, remedial teaching is basically good teaching, differentiated to meet specific instructional needs.”
