In Search of the Miraculous *Rare Treasure Editions*

This book recounts P. D. Ouspensky's first meeting and subsequent association with George Gurdjieff. It is widely regarded as perhaps the most comprehensive account of Gurdjieff's system of thought available. Many followers regard it as a "fundamental textbook" of Gurdjieff's teachings and it is often used as a means of introducing new students to Gurdjieff's system of self-development.

Subud the Coming New Age of Reality *Peace*

In Subud the Coming New Age of Reality, author Simon Monbaron, a self-proclaimed Subud "zealot", shares the knowledge, wisdom and experience he has gained from forty years of receiving the spiritual training known as the "latihan kejiwaan" of Subud. This massive (594 pages) tome is not just for Subud members, but for anyone who seeks the reality that lies beyond the material world. At last, here is a book I can give to friends and family members who are curious about what I do when I go off to receive the latihan, but are not yet ready to jump into the deep end to find out for themselves! For the merely curious, Monbaron's book recounts the history of Subud, and how it grew from a small group in Indonesia to a world-wide spiritual phenomenon. It tells the story of

Muhammad Subuh Sumohadiwidjojo, an unremarkable government clerk whose life changed when a ball of light entered the top of his head when he was out for an evening stroll. And it discusses many aspects of the latihan, which is the central core of Subud. For those who are considering joining Subud, the Monbaron's book provides information regarding what this involves, as well as a detailed description of the Subud organization. Readers may also skip around and find out what Bapak had to say about topics as varied as suicide, feminism, reincarnation, sex, drug use, and many other questions and issues with which people struggle. Whether you use it as a reference manual, a source of fascinating anecdotes and spiritual insights, or a way to learn about a spiritual path of profound power and simplicity, Subud the Coming New Age of Reality is a treasure chest of immense value.

In Search of the Miraculous *Houghton Mifflin Harcourt*

A new edition of the groundbreaking spiritual treasure, with a foreword by bestselling author Marianne Williamson . Since its original publication in 1949, In Search of the Miraculous has been hailed as the most valuable and reliable documentation of G. I. Gurdjieff's thoughts and universal view. This historic and influential work is considered by many to be a primer of mystical thought as expressed through the Work, a combination of Eastern philosophies that had for centuries been passed on orally from teacher to student. Gurdjieff's goal, to introduce the Work to the West, attracted many students, among them Ouspensky, an established mathematician, journalist, and, with the publication of In Search of the Miraculous, an eloquent and persuasive proselyte. Ouspensky describes Gurdjieff's teachings in fascinating and accessible detail, providing what has proven to be a stellar introduction to the universal view of both student and teacher. It goes without saying that In Search of the Miraculous has inspired great thinkers and writers of ensuing spiritual movements, including Marianne Williamson, the highly acclaimed author of A Return to Love and Illuminata. In a new and never-before-published foreword, Williamson shares the influence of Ouspensky's book and Gurdjieff's teachings on the New Thought movement and her own life, providing a contemporary look at an already timeless classic.

Bas Jan Ader *MIT Press*

An illustrated investigation into the critical motives behind the last, unfinished work that has defined the romantic legacy of conceptual artist Bas Jan Ader. In 1975 Bas Jan Ader disappeared at sea while trying to sail from the East Coast of the United States to Europe as part of a project titled In Search of the Miraculous. Ader's considerable influence on later conceptual artists stems from the way in which he used the cool analytic and antsubjective aesthetics of conceptual art to explore experiences that would seem definitively subjective—the emotional intensity of tragedy and the romantic quest for the sublime. In Search of the Miraculous was conceived as a three-part project: a lonely nighttime walk from the hills of Los Angeles down to the sea, documented in photographs; the Atlantic crossing; a night walk through Amsterdam, mirroring the LA photographs. The circumstances of his disappearance have led many interpreters to identify Ader (as a person) with the role of the tragic romantic hero. The cult status of the artist as a hero whose work is authenticated through his death, however, has obscured the fact that Ader's art was a critical investigation of precisely those romantic motives his persona has now come to be identified with. This book unpicks these ties in Ader's work in order to highlight the specific and unique way in which Ader explores the existential and emotional with an artistic approach that is as conceptual and analytic as it is poetic and personal. Afterall Books are distributed by The MIT Press.

In Search of the Miraculous *ABRAMS*

The iconic graphic designer presents “a self-analysis of his creative process . . . [in] arguably his proudest accomplishment” (The Atlantic). Milton Glaser is perhaps the most celebrated graphic designer in the world. As a young man, he read a phrase that stayed with him through his life: “In Search of the Miraculous.” One could say that all human experience is a miracle—memory, color, taste, Vermeer, stars, watermelon, etc. For those like Glaser, the act of making things that move the mind is perhaps the deepest aspiration to the miraculous. In this volume, he has chosen work, largely created by him over the last five years, to demonstrate how one concept leads to another. Through fascinating juxtapositions, readers will gain insights into Glaser’s oeuvre, journeying with him as he discovers that seemingly new designs frequently come out of provocative ideas taken from the distant past. “Elegant . . . The text and the picture positively embrace and dance together.” —The New York Times “To younger graphic designers, Glaser has the stature of Marlon Brando in Hollywood . . . He appears to have thought more deeply about what he makes than many lionized by the contemporary art world and its market.” —San Francisco Chronicle “In Search of the Miraculous aptly captures the tension involved in reconciling the artist’s aspirations to do great work and the client’s objectives. This book eloquently, articulately, and with great panache, and provocation, illuminates the extraordinary outcomes that emerge when the artistic process miraculously works.” —New York Journal of Books

In Search of the Miraculous

The Reality of Being *Shambhala Publications*

An important book on liberating ourselves from the state of “waking sleep” in which we live our

lives, as taught by one of the most influential spiritual teachers of the 20th century As the closest pupil of the charismatic spiritual master G. I. Gurdjieff (1866–1949), Jeanne de Salzmann was charged with carrying on his teachings of spiritual transformation. Known as the Fourth Way or “The Work,” Gurdjieff’s system was based on teachings of the East that he adapted for modern life in the West. Now, some twenty years after de Salzmann's death, the notebooks that she filled with her insights over a forty-year period (and intended to publish) have been translated and edited by a small group of her family and followers. The result is this long-awaited guide to Gurdjieff's teaching, describing the routes to be traveled and the landmarks encountered along the way. Organized according to themes, the chapters touch on all the important concepts and practices of the Work, including: • Awakening from the sleep of identification with the ordinary level of being • Self-observation and self-remembering • Conscious effort and voluntary suffering • Understanding symbolic concepts like the Enneagram • The Gurdjieff Movements, bodily exercises that provide training in Presence and the awareness of subtle energies • The necessity of a "school," meaning the collective practice of the teaching in a group Madame de Salzmann brings to the Work her own strong, direct language and personal journey in learning to live that knowledge of a higher level of being, which, she insists, “you have to see for yourself” on a level beyond theory and concept. De Salzmann consistently refused to discuss the teaching in terms of ideas, for this Fourth Way is to be experienced, not simply thought or believed.

Then he meets Faye—a cape-wearing, outspoken girl with losses of her own. Together, they find an abandoned house by the cemetery and a mysterious old woman who just might be a witch. The Psychology of Man's Possible Evolution *Library of Alexandria*

In Search of P. D. Ouspensky *Quest Books*

P. D. Ouspensky's classic work *In Search of the Miraculous* was the first to disseminate the ideas of G. I. Gurdjieff, the mysterious master of esoteric thought in the early twentieth century who still commands a following today. Gurdjieff's mystique has long eclipsed Ouspensky, once described by Gurdjieff as "nice to drink vodka with, but a weak man." Yet Ouspensky was a brilliant, accomplished philosopher in his own right, and some consider his meeting with the charismatic "Mr. G." the catastrophe of his life. Indeed, in subsequent years Ouspensky tried hard, with limited success, to break away. This book moves Ouspensky's own story center stage, against the backdrop of the Russian Revolution, the dervishes of Constantinople, and a cosmopolitan Europe entre deux guerres. The archetypal encounter it describes echoes that of Don Juan and Castaneda, or perhaps Mephistopheles and Faust. One of the great mystical adventures of our time, it will fascinate everyone interested in the farthest reaches of what it means to be human. The paperback edition includes a new chapter on Gary Lachman's own former work in Gurdjieff's psychology.

Life Is Real Only Then, When "I Am" *Rare Treasure Editions*

Here is a series of talks and lectures as well as a personal account of the master's spiritual and philosophical development providing specific suggestions and practices for achieving inner knowledge. The purpose of this series, according to Gurdjieff, is to assist the arising - in the mentation and in the feelings of the reader - of a veritable, non-fantastic representation, not of that illusory world which he now perceives, but of the world existing in reality.

A New Model of the Universe

2013 Reprint of 1931 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. In this classic work, Ouspenky analyzes certain of the older schools of thought from the East and the West, connecting them with modern ideas and explaining them in light of the most recent discoveries and speculations in newer schools of philosophy and religion. In the course of his research he integrates the theories of relativity, the fourth dimension and current psychological theories. The book closes with a consideration of the sex problem from the perspective of sex in relation to the evolution of man toward superman.

The Miraculous Lie *Lexington Books*

A fascinating study of five twentieth-century Latin American novels that focus on one particular search for El Dorado: the infamous 1559 expedition, headed by Pedro Ursua and the first legendary colonial rebel against the crown, Lope de Aguirre. Author Bart Lewis approaches these five works as both representations of Latin American literature during the mid to late twentieth-century and as re-examinations of the notorious figure of Lope de Aguirre.

In Search of the Miraculous *C.W. Daniel Company, Limited*
Osho writes in a style which is clear, simple and often humorous.

Strange Life of Ivan Osokin *Courier Dover Publications*

"A brilliant fantasy." -- Manchester Guardian. What would you do if you could re-live your life? In his only novel, occultist P. D. Ouspensky expands upon his concept of eternal recurrence, telling of a man who travels back in time and attempts to correct the mistakes of his schooldays and early manhood, including his romantic misadventures. Set in Moscow and Paris, the story served as an inspiration for the movie Groundhog Day.

In Search of Being *Shambhala Publications*

Over one hundred years ago in Russia, G. I. Gurdjieff introduced a spiritual teaching of conscious evolution—a way of gnosis or “knowledge of being” passed on from remote antiquity. Gurdjieff’s early talks in Europe were published in the form of chronological fragments preserved by his close followers P. D. Ouspensky and Jeanne de Salzmann. Now these teachings are presented as a comprehensive whole, covering a variety of subjects including states of consciousness, methods of self-study, spiritual work in groups, laws of the cosmos, and the universal symbol known as the Enneagram. Gurdjieff respected traditional religious practices, which he regarded as falling into three general categories or “ways”: the Way of the Fakir, related to mastery of the physical body; the Way of the Monk, based on faith and feeling; and the Way of the Yogi, which focuses on development of the mind. He presented his teaching as a “Fourth Way” that integrates these three aspects into a single path of self-knowledge. The principles are laid out as a way of knowing and experiencing an awakened level of being that must be verified for oneself.

In Search of the Miraculous *Veenman Pub*

When Bas Jan Ader's boat, "Ocean Wave," was found unmanned and partially submerged 150 miles off the coast of Ireland by a Spanish fishing vessel in 1976, it was taken to La Coruna for investigation. Days later, the boat was stolen and the cult of Ader, whose body was never recovered, and who was thought by many to have staged this incident, was truly cemented. In this volume,

Marion van Wijk and Koos Dalstra, who spent 10 years investigating this unsolved mystery, reproduce the entire police report in facsimile. They also include many pages of eerie written documentation and transcriptions of interviews they conducted during their decade of intensive sleuthing: "The report has 74 pages. It begins on April 27, 1976 and ends on February 1, 1977. It relates the history of the "Ocean Wave" from the moment Don Alferan speaks about his discovery to the authorities until nine months later, when the case is closed. The reason: the authorities cannot find the stolen boat that disappeared from San Diego harbor in Coruna between May 18 and June 7, 1976."

A Book of Signs

The author of each Gospel had a reason why he wrote and recorded what he did. In the case of the Gospel of John, the author states that he has recorded a selected number of "signs", from "the innumerable signs" that Jesus did "in the presence of His disciples," to convince his readers that: Jesus is the Christ (Messiah), the Son of God, and that by believing you may have life in his name. (John 20:31) This was why John wrote his Gospel and this was the goal he hoped to achieve, but why these particular signs and how do they show that Jesus is the Messiah and the Son of God? These are the two main issues dealt with in this excellent book.

Aleister Crowley *Penguin*

This definitive work on the occult’s “great beast” traces the arc of his controversial life and influence on rock-and-roll giants, from the Rolling Stones to Led Zeppelin to Black Sabbath. When Aleister Crowley died in 1947, he was not an obvious contender for the most enduring pop-culture figure of the next century. But twenty years later, Crowley’s name and image were everywhere. The Beatles put him on the cover of Sgt. Pepper’s Lonely Hearts Club Band. The Rolling Stones were briefly serious devotees. Today, his visage hangs in goth clubs, occult temples, and college dorm rooms, and his methods of ceremonial magick animate the passions of myriad occultists and spiritual seekers. Aleister Crowley is more than just a biography of this compelling, controversial, and divisive figure—it’s also a portrait of his unparalleled influence on modern pop culture.

Bas Jan Ader *University of Chicago Press*

On July 9, 1975, Dutch-born artist Bas Jan Ader set sail from Chatham, Massachusetts, on a thirteen-foot sailboat. He was bound for Falmouth, England, on the second leg of a three-part piece titled *In Search of the Miraculous*. The damaged boat was found south of the western tip of Ireland nearly a year later. Ader was never seen again. Since his untimely death, Ader has achieved mythic status in the art world as a figure literally willing to die for his art. Considering the artist's legacy and concise oeuvre beyond the romantic and tragic associations that accompany his peculiar end, Alexander Dumbadze resituates Ader's art and life within the conceptual art world of Los Angeles in the early 1970s and offers a nuanced argument about artistic subjectivity that explains Ader's tremendous relevance to contemporary art. Bas Jan Ader blends biography, theoretical reflection, and archival research to draw a detailed picture of the world in which Ader's work was rooted: a vibrant international art scene populated with peers such as Ger van Elk, William Leavitt, and Allen Ruppersberg. Dumbadze looks closely at Ader's engagement with questions of free will and his ultimate success in creating art untainted by mediation. The first in-depth study of this enigmatic conceptual artist, Bas Jan Ader is a thoughtful reflection on the necessity of the creative act and its inescapable relation to death.

Albina and the Dog-Men *Restless Books*

From the psychomagic guru who brought you *The Holy Mountain* and *Where the Bird Sings Best* comes a supernatural love-and-horror story in which a beautiful albino giantess unleashes the slaving animal lurking inside the men of a small village. When two women—an amnesiac goddess and her protector, a leather-tough woman called Crabby—arrive in a Chilean desert town, Albina's otherworldly allure and unfettered sensuality turn men into wild beasts. Chased by a clubfooted corrupt cop, evil corporate overlords, giant-hare-riding narcos, and Himalayan cultists, Albina and Crabby must find a magical cactus that will cure Albina and the men's monstrous affliction before the town consumes itself in an orgy of lust and violence. *Albina and the Dog-Men* is Alejandro Jodorowsky's darkly funny, shocking, and surreal hybrid of mystical folktale, road novel, horror story, and social parable, ultimately uniting in a universal story of love against the odds and what makes us human. Praise for *Albina and the Dog-Men* "Deeply psychological and mysterious, the book will stimulate the imagination of the reader's mind to the extreme." —Marina Abramović "In his latest novel, Jodorowsky builds on his multi-decade long assault of the public imagination . . . a fantastical and genre-defying parable of love and friendship. . . . Throughout this dark dream of a novel, Jodorowsky's writing is comic and occasionally mesmerizing. It is also ripe with horror and philosophical questions about what it means to belong, everywhere and nowhere. And while some of the subject matter is disturbing, it often carries the air of something ancient that you read children by a fire. For years Jodorowsky has proven the intensity of his imagination, and how far he is willing to go to present his singular vision to the world. He is a fully realized artist whose tales demand

attention. At its core, *Albina and the Dog-Men* is a love story about two people committed to one another's survival and to discovering their potential. And, as with life, it is sometimes only through the weathering of a storm that our true capacities are made clear." —Juan Vidal, NPR Books "[Albina and the Dog-Men] may be the ultimate piece of Jodorowsky arcana, a mind-bending adventure story on par with his wildest cinematic visions. . . . A surrealist novel par excellence, *Albina and the Dog-Men* is a dream, a prophecy, a hallucination, and a transfiguration such as only Jodorowsky could induce." —Publishers Weekly "Composed like a feverish fairytale, *Albina and the Dog-Men* is a South American parable of self-acceptance and belonging that is fueled by prurience and colored with vivid, hallucinogenic details. . . . No moment of Jodorowsky's book is at all predictable or familiar, and those who have a taste for the uncanny will be in awe over its undulations into strange, even godly, territory. The sensuality of the prose thickens as Albina's situation becomes more tenuous, resulting in heady and appealing constructions. . . . As Albina and her followers traipse over barren lands and into forests protected by ancient Incans, the novel winds toward territory both magical and needfully human. The surreal methods of redemption in the novel's final pages prove both glorious and moving. Jodorowsky's is a work of unforgettable weirdness, a work whose movements are directed by sometimes violent mysticism and whose final lessons may speak to all who have ever dreamed of transformation." —Michelle Anne Schingler, Foreword Reviews, Five-Star Review

Tertium Organum *Cosimo, Inc.*

"An imposing edifice of thought. Every one of its twenty chapters will richly repay careful reading. Those passages dealing with ethics, love, the significance of knowledge, and the meaning of life are hard to surpass." - New York Evening Post The title of this book, *Tertium Organum*, boldly refers no less to a reorganization of all knowledge, but it is primarily a study of psychology, more specifically the psychology of our higher mind. For Ouspensky what we can call the higher mind represents, within a single person, the development of an entirely new way of understanding. In short, psychology is the art of self-study. With remarkable scope and sophistication, Ouspensky shows us in this book, which has been hailed as "a work of genius," just how vast and strange our universe really is.

The Book of Sainte Foy *University of Pennsylvania Press*

The miracle stories surrounding Sainte Foy form one of the most complete sets of material relating to a medieval saint's cult and its practices. Pamela Sheingorn's superb translation from the Medieval Latin texts now makes this literature available in English. The *Book of Sainte Foy* recounts the virgin saint's martyrdom in the third century (*Passio*), the theft of her relics in the late ninth century by the monks of the monastery at Conques (*Translatio*), and her diverse miracles (*Liber miraculorum*); also included is a rendering of the Provençal *Chanson de Sainte Foy*, translated by Robert L. A. Clark. The miracles distinguish Sainte Foy as an unusual and highly individualistic child saint displaying a fondness for gold and pretty things, as well as a penchant for playing practical jokes on her worshippers. In his record of Sainte Foy, Bernard of Angers, the eleventh-century author of the first parts of the *Liber miraculorum*, emphasized the saint's "unheard of" miracles, such as replacing missing body parts and bringing dead animals back to life. The introduction to the volume situates

Sainte Foy in the history in the history of hagiography and places the saint and her monastery in the social context of the high Middle Ages. Sheingorn also evokes the rugged landscape of south central France, the picturesque village of Conques on the pilgrimage road, and, most important, the golden, jewel-encrusted reliquary statue that medieval believers saw as the embodiment of Sainte Foy's miracle-working power. In no other book will readers enjoy such a comprehensive portrait of Sainte Foy and the culture that nurtured her.

In Search of the Miraculous *Houghton Mifflin Harcourt*

The Triumph of Christianity *Simon and Schuster*

The “marvelous” (Reza Aslan, bestselling author of *Zealot*), New York Times bestselling story of how Christianity became the dominant religion in the West. How did a religion whose first believers were twenty or so illiterate day laborers in a remote part of the empire become the official religion of Rome, converting some thirty million people in just four centuries? In *The Triumph of Christianity*, early Christian historian Bart D. Ehrman weaves the rigorously-researched answer to this question “into a vivid, nuanced, and enormously readable narrative” (Elaine Pagels, National Book Award-winning author of *The Gnostic Gospels*), showing how a handful of charismatic characters used a brilliant social strategy and an irresistible message to win over hearts and minds one at a time. This “humane, thoughtful and intelligent” book (The New York Times Book Review) upends the way we think about the single most important cultural transformation our world has ever seen—one that revolutionized art, music, literature, philosophy, ethics, economics, and law.

Leningrad: Siege and Symphony *Grove/Atlantic, Inc.*

The “gripping story” of a Nazi blockade, a Russian composer, and a ragtag band of musicians who fought to keep up a besieged city’s morale (The New York Times Book Review). For 872 days during World War II, the German Army encircled the city of Leningrad—modern-day St. Petersburg—in a military operation that would cripple the former capital and major Soviet industrial center. Palaces were looted and destroyed. Schools and hospitals were bombarded. Famine raged and millions died, soldiers and innocent civilians alike. Against the backdrop of this catastrophe, historian Brian

Moynahan tells the story of Dmitri Shostakovich, whose Seventh Symphony was first performed during the siege and became a symbol of defiance in the face of fascist brutality. Titled “Leningrad” in honor of the city and its people, the work premiered on August 9, 1942—with musicians scrounged from frontline units and military bands, because only twenty of the orchestra’s hundred members had survived. With this compelling human story of art and culture surviving amid chaos and violence, *Leningrad: Siege and Symphony* “brings new depth and drama to a key historical moment” (Booklist, starred review), in “a narrative that is by turns painful, poignant and inspiring” (Minneapolis Star-Tribune). “He reaches into the guts of the city to extract some humanity from the blood and darkness, and at its best Leningrad captures the heartbreak, agony and small salvations in both death and survival . . . Moynahan’s descriptions of the battlefield, which also draw from the diaries of the cold, lice-ridden, hungry combatants, are haunting.” —The Washington Post
