Descendants : The Isle of the Lost

A Descendants Novel

Twenty years ago, all the evil villains were banished from the kingdom of Auradon and made to live in virtual imprisonment on the Isle of the Lost. The island is surrounded by a magical force field that keeps the villains and their descendants safely locked up and away from the mainland. Life on the island is dark and dreary. It is a dirty, decrepit place that's been left to rot and forgotten by the world. But hidden in the mysterious Forbidden Fortress is a dragon's eye: the key to true darkness and the villains' only hope of escape. Only the cleverest, evilest, nastiest little villain can find it ... who will it be? Maleficent, Mistress of the Dark: As the self-proclaimed ruler of the isle, Maleficent has no tolerance for anything less than pure evil. She has little time for her subjects, who have still not mastered life without magic. Her only concern is getting off the Isle of the Lost. Mal: At sixteen, Maleficent's daughter is the most talented student at Dragon Hall, best known for her evil schemes. And when she hears about the dragon's eye, Mal thinks this could be her chance to prove herself as the cruelest of them all. Evie: Having been castle-schooled for years, Evil Queen's daughter, Evie, doesn't know the ins and outs of Dragon Hall. But she's a quick study, especially after she falls for one too many of Mal's

little tricks. Jay: As the son of Jafar, Jay is a boy of many talents: stealing and lying to name a few. Jay and Mal have been frenemies forever and he's not about to miss out on the hunt for the dragon's eye. Carlos: Cruella de Vil's son may not be bravest, but he's certainly clever. Carlos's inventions may be the missing piece in locating the dragon's eye and ending the banishment for good. Mal soon learns from her mother that the dragon's eye is cursed and whoever retrieves it will be knocked into a deep sleep for a thousand years. But Mal has a plan to capture it. She'll just need a little help from her "friends." In their quest for the dragon's eye, these kids begin to realize that just because you come from an evil family tree, being good ain't so bad.

Past Imperfect

French Intellectuals, 1944-1956 *Univ of California Press*

The uniquely prominent role of French intellectuals in European cultural and political life following World War II is the focus of Tony Judt's newest book. He analyzes this intellectual community's most divisive conflicts: how to respond to the promise and the betrayal of

Communism and how to sustain a commitment to radical ideals when confronting the hypocrisy in Stalin's Soviet Union, in the new Eastern European Communist states, and in France itself. Judt shows why this was an all-consuming moral dilemma to a generation of French men and women, how their responses were conditioned by war and occupation, and how post-war political choices have come to sit uneasily on the conscience of later generations of French intellectuals. Judt's analysis extends beyond the writings of fashionable "Existentialist" personalities such as Jean-Paul Sartre, Albert Camus, and Simone de Beauvoir to include a wide intellectual community of Catholic philosophers, non-aligned journalists, literary critics and poets, Communist and non-Communist alike. Judt treats the intellectual dilemmas of the postwar years as an unfinished history. French intellectuals have not fully come to terms with the gnawing sense of what Judt calls the "moral irresponsibility" of those years. The result, he suggests, is a legacy of bad faith and confusion that has damaged France's cultural standing, notably in newly liberated Eastern Europe, and which reflects the nation's larger difficulty in confronting its own ambivalent past.
