A Field Guide to the English Clergy: A Compendium of ...

A field guide is a book designed to help the reader identify wildlife (plants or animals) or other objects of natural occurrence (e.g. minerals). It is generally designed to be brought into the 'field' or local area where such objects exist to help distinguish between similar objects. Field guides are often designed to help users distinguish animals and plants that may be similar in appearance but are not necessarily closely related.

Put together, A Field Guide on False Teaching is tremendously helpful in both its content and its format. Its content shows a deep understanding of the different faiths and false teachings and, even better, of the biblical truths that can best challenge each one. Its format is effective in its consistency, brevity, and simplicity.
