What follows then is an integrated treatment of each of the core substantive areas of EU competition law, including Article 101 TFEU, Article 102 TFEU, mergers, cartels and other horizontal agreements and vertical restraints.

EU Competition Law and Economics (0): Amazon.co.uk ...

This essay has examined EU Competition Law to determine whether the role of economics or law is prevailing in its application. The economic theories, both classical and neo-classical, demonstrate that the basis for competition law is allowing a free market to ensure that the consumers are able to receive products at a low price and other individuals are able to compete with the larger firms.

EU Competition Law and Economics - UKEssays.com

There is a general belief among societies that have adopted the market economy as their economic model that competition brings various benefits. Competition is believed to ensure low prices and a broad range of choices for consumers as well as

overall efficiency and innovation. This is also reflected in statements of the Directorate General for Competition (DG COMP) of the European Commission (hereinafter: the Commission):
