Successful Nonverbal Communication: Principles and ...

Nonverbal communication is the process of conveying a message without the use of words. It can include gestures and facial expressions, tone of voice, timing, posture and where you stand as you communicate. It can help or hinder the clear understanding of your message, but it doesn't reveal (and can even mask) what you are really thinking.

Principles of Nonverbal Communication - Communication for ...

Nonverbal communication is nearly anything that sends an idea from one person to another without the use of words. It is important to keep in mind the fact that cultural norms define a lot about nonverbal communication. Personal space, eye contact, and touching are just a few of the nonverbal tools that mean different things in different cultures.
