Play therapy is a form of therapy used primarily for children. That's because children may not be able to process their own emotions or articulate problems to parents or other adults. While it may...

Play Therapy: What Is It, How It Works, and Techniques

Play therapy was used by Anna Freud to help children develop a closer connection to the therapist. A more structured approach came about in the 1930s with David Levy using play therapy to help children work through and re-enact stressful situations to release them. In keeping with Carl Rogers' non-directive play work in the 1940s,
