Vol. 8** *VIZ Media LLC*

Nasa and Tsukasa are on an overnight trip to a hot springs resort! There's so much for them to do, from touring traditional sites to sampling the local delicacies to—nah, let's face it, Nasa is most excited (and terrified) by that private bath in their room. Time for an inopportune appearance by Tokiko, Tsukasa's mysterious and heretofore unseen guardian. Can things still get hot and steamy between our favorite

lovebirds? And whether or not they do, will the artist find an excuse to put some supporting characters in swimsuits? Do you even need to ask? --

**Fly Me to the Moon,
Vol. 6** *VIZ Media LLC*

First comes marriage, then comes an earthbound love that is out of this world! From the day his parents named him, Nasa Yuzaki has felt connected to outer space...whether he likes it or not. His efforts to outperform the space program veer off course when an accident introduces him to Tsukasa, a mysterious girl with strange powers. Is she an alien, a moon goddess or something else? Since she insists on marrying him, Nasa

will have plenty of chances to find out! Is this manga cute enough yet? No? Better add cats! Toast, possibly the least adorable kitten in manga, doesn't care for Nasa and interrupts his private time with his wife. Then Nasa and Tsukasa set out on a romantic date at an amusement park, not realizing that everyone else has the same idea...including Nasa's teacher, Yanagi Sensei, who's very concerned about what her former star pupil is doing with his life.

Is she an alien, a moon goddess or something else? Since she insists on marrying him, Nasa will have plenty of chances to find out! Nasa has been introduced to Tsukasa's family...sort of. Now it's time for Tsukasa to meet her in-laws! Nasa is determined to do whatever it takes to make a long bus ride romantic, while Tsukasa is just happy to check out food courts along the way. Little do they know that Chitose and her maids are on their tail,

bent on turning their quickie honeymoon into a quickie divorce!

Fly Me to the Moon,
Vol. 9 VIZ Media LLC

As the summer heats up, Nasa looks forward to the pleasures of the season: festivals, fireworks, and seeing his wife in a yukata. He'd also like to make some progress on his ongoing mission to see her naked, but the two can't manage a simple trip to the bath without being interrupted by wacky hijinks. Is this volume chock-full of romance manga cliches? Sure, but Nasa's no fool. He's been prepping by reading shoji manga. - VIZ Media

**An Insider's Guide to
the New Science of**

Space Travel
*Princeton University
Press*

When a leaf falls on a windy day, it drifts and tumbles, tossed every which way on the breeze. This is chaos in action. In *Fly Me to the Moon*, Edward Belbruno shows how to harness the same principle for low-fuel space travel--or, as he puts it, "surfing the gravitational field." Belbruno devised one of the most exciting concepts now being used in space flight, that of swinging through the cosmos on the subtle fluctuations of the planets' gravitational pulls. His idea was met with skepticism until 1991, when he used it to get a stray Japanese satellite back on course to the Moon. The successful rescue

represented the first application of chaos to space travel and ushered in an emerging new field. Part memoir, part scientific adventure story, *Fly Me to the Moon* gives a gripping insider's account of that mission and of Belbruno's personal struggles with the science establishment. Along the way, Belbruno introduces readers to recent breathtaking advances in American space exploration. He discusses ways to capture and redirect asteroids; presents new research on the origin of the Moon; weighs in on discoveries like 2003 UB313 (now named Eris), a dwarf planet detected in the far outer reaches of our solar system--and

much more. Grounded in Belbruno's own rigorous theoretical research but written for a general audience, *Fly Me to the Moon* is for anybody who has ever felt moved by the spirit of discovery.

First comes marriage, then comes an earthbound love that is out of this world! From the day his parents named him, Nasa Yuzaki has been destined for outer space...or so he believes. But while trying to join the space program, he is thrown for a loop when an accident introduces him to Tsukasa, a mysterious girl with strange powers. Is she an alien, a moon goddess or something else? Since she insists

on marrying him, Nasa has plenty of chances to find out! Now that Nasa and Tsukasa are married, it's time for him to meet her family. Unfortunately for him, that means getting kidnapped by Tsukasa's overprotective sister Chitose and her combat maids. Will Nasa's life end before he's even kissed his new wife? Or picked out a ring? Or, most crucially of all, found out what anime she's into?

Penny Bright Publishing, LLC

Houston, Texas, 1961

The race to the moon is on, and engineer Eugene Parsons has two enemies: danger and distraction. Nothing is more distracting than his attraction to the brilliant, beautiful computer scientist on his team, but he's determined to overcome it since he needs her to help America win. Charlie Eason is used to men

underestimating her. It comes with being a woman in engineering, but it's worth it to join the space race—even if she can't figure out what's behind the intense looks one tightly wound engineer keeps sending her. But life isn't as unemotional or predictable as code, and things soon boil over with the intriguingly demanding Parsons. With every launch, their secret affair grows thornier. The lines between work and play tangle even as Parsons and Charlie try to keep them separate. But when a mission goes wrong, they'll have to put aside their pride for the greater good—and discover that matters of the heart have a logic all their own. space race romance

Fly Me to the Moon

A Novel *St. Martin's Griffin*

When flight attendant Hailey Lane learns the rest of her trip has been cancelled and she can fly straight home

to spend her birthday with her boyfriend Michael, she's thrilled. Her early arrival will allow for some additional date night prep time, a definite bonus as she's convinced Michael is about to propose. But when she walks through the door, the surprise that awaits her is not at all what she expected. And as she grabs her bags and flees the scene one thing is clear—her entire future has just been rerouted. So Hailey does the only thing she can: she sets out on a worldwide trip to fix a broken heart. And thanks to free flight passes and long layovers in exotic locales, she finds herself with more options than she could have ever imagined... From New York to

Paris, from Puerto Rico to Greece, Alyson Noël's *Fly Me to the Moon* takes us on a trip filled with mojitos at every layover, outrageous passengers in every seat, and a cute guy at every gate, as Hailey tries to write her own happy ending.

A Sylvia Stryker
Mystery *Polyester Press*

"Although I like to watch sci-fi, I'm not much into reading it, with a few exceptions. This book was one of those exceptions. It's as if Star Trek married a cozy...very well done! Read and enjoy!" – Reader Sylvia Stryker wants a job on a cruise ship. A family scandal lead to a white lie. Will a dead body in her ward change the trajectory of her life? Sylvia Stryker used to help run her parents' dry ice farm, until her dad's arrest nearly left them bankrupt. But after finagling a job on board an outer space cruise ship, she's ready

to explore all that outer space has to offer. With a private room in the staff quarters, her robot cat by her side, and the responsibilities of uniform management, Sylvia is thrilled to return to work – until she discovers the second navigation officer dead in the inventory closet. Neptune, the head of ship security, finds Sylvia's presence to be the most suspicious part of the incident; that's what happens when you hack your way into a last-minute job opportunity! But despite his efforts to pin the murder on Sylvia, she won't accept how the clues are unfolding. And if Sylvia doesn't expose the murderer on the cruise, then she'll never learn the truth

about her family. Fly Me to the Moon is the quirky first novel featuring uniform lieutenant Sylvia Stryker. Houston, Texas, 1965
When an accident rocks the American Space Department, threatening the race to the moon, the agency is determined to eliminate distractions, including those in the bedroom. Astronaut Dean Garland, on track to become the first man to walk in space, is fine with putting a temporary hold on his

love life. Except the directive comes too late to prevent the biggest distraction of all: Vivian Muller... Garland. But now that he's married, Dean is determined to follow the rules until he makes history with his space walk. Vivy never expected to find herself pregnant or in a shotgun marriage, much less a sexless one. While her new husband might pretend to be perfectly happy sleeping alone, Vivy never believed in pretending or holding back. She's determined to make her husband fall for her even if it means bending—or breaking—the rules. Dean's resolve to keep marriage and work separate hits another serious snag: the suit he's supposed to wear in the killer vacuum of

space isn't reliable, and his new father-in-law manufactured it. As Dean unravels the technical problem and Vivy tries to win her husband's love, their hearts and his life hang in the balance. space race romance military astronaut pregnancy space cowboy

Fly Me To The Moon

iUniverse

To some this collection of commentary and observations—fourth in what now must be

called “The Notational Quartet”—might seem as remote as the proverbial “Man in the Moon.” But the reader will find it very relevant to the changing and troubled times that we find ourselves in. The author has steered the reader and vessel to a distant and little known shore, where hope for return to point of origin is very much in doubt. “The boats that left from the same harbor have rowed away from one another...”

How Do We Relationship?, Vol. 1

VIZ Media LLC

Shy Miwa has always dreamed of finding love, but living in small-town Japan made finding the right match difficult—especially since she likes girls! Even going away to college didn't seem to help, until one day her outgoing classmate Saeko suggests they might as well start dating each other since it's not like either of them has other options. At first it seems like things won't work out as their personalities clash and misunderstandings abound. But when their casual friendship starts to become something more, Miwa begins to wonder—can a pragmatic proposal

lead to true love? -- VIZ Media

Killers of the Flower Moon

The Osage Murders and the Birth of the FBI *Vintage*

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of

the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who

dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

How Evelyn Glennie, a Deaf Girl, Changed Percussion *Penguin*

A gorgeous and empowering picture book biography about Evelyn Glennie, a deaf woman, who became the first full-time solo percussionist in the world. "No. You can't," people said. But Evelyn knew she could. She had found her own way to listen. From the moment Evelyn Glennie heard her first note, music held her heart. She played the piano by ear at age eight, and the clarinet by age ten. But soon, the nerves in her ears began to deteriorate, and Evelyn was told that, as a deaf girl, she could never be a musician. What sounds Evelyn couldn't hear with her ears, though, she could feel resonate through her body as if she, herself, were a drum. And the music she created was

extraordinary. Evelyn Glennie had learned how to listen in a new way. And soon, the world was listening too. "Radiant." —Publishers Weekly "Perfect for elementary school readers . . . Excellent." —SLJ "An intriguing, loving biography." —Kirkus "Lyrical . . . Expressive . . . Vibrant." —Booklist

Fly Me to the Moon

An Art Quilt Journey *Schiffer Publishing*

When the Apollo astronauts went to the moon, the whole world watched. When the Fly Me to the Moon art quilt challenge went out, it went global. This book showcases the curated results of that

call for entries: 179 art quilts by over 130 artists from 8 countries, expressing their interpretation of the space program and all things lunar. Walk down memory lane or discover the story of the missions for the first, but most importantly, enjoy a trip to the moon and beyond without the time and rigors of space training. As you travel into space, meet the astronauts, hum the tunes, and listen to the artists tell you about their pieces. Find endless inspiration and discover what the moon is really made of: cotton, thread, crystals, paint, ink, tulle, and crocheted lace.
