The Night Lives On

The Untold Stories and Secrets Behind the Sinking of the "Unsinkable"

Ship—Titanic *Open Road Media*

In this New York Times bestseller, the author of A Night to Remember and The

Miracle of Dunkirk revisits the Titanic disaster. Walter Lord's A Night to Remember was a landmark work that recounted the harrowing events of April 14, 1912, when the British ocean liner RMS Titanic went down in the North Atlantic Ocean, a book that inspired a classic movie of the same name. In The Night Lives On, Lord takes the exploration further, revealing information about the ship's last hours that emerged in the decades that followed, and separating myths from facts. Was the ship really christened before setting sail on its maiden voyage? What song did the band play as water spilled over the bow? How did the ship's wireless operators fail

so badly, and why did the nearby Californian, just ten miles away when the Titanic struck the iceberg, not come to the rescue? Lord answers these questions and more, in a gripping investigation of the night when approximately 1,500 victims were lost to the sea.

The Other Side of the Night

The Carpathia, the Californian, and the

Night the Titanic Was Lost *Casemate*

The New York Times–bestselling author of *Unsinkable* “recounts the disaster from the vantage point of nearby vessels” (Publishers Weekly). A few minutes before midnight on April 14, 1912, the “unsinkable” RMS Titanic, on her maiden voyage to New York, struck an iceberg. Less than three hours later, she lay at the bottom of the Atlantic Ocean. While the world has remained fascinated by the tragedy, the drama of those fateful hours was not only played out aboard the doomed liner. It also took place on the decks of two other ships, one fifty-eight miles distant from the sinking Titanic, the other barely ten miles away.

The masters of the steamships Carpathia and Californian, Capt. Arthur Rostron and Capt. Stanley Lord, were informed within minutes of each other that their vessels had picked up the distress signals of a sinking ship. Their actions in the hours and days that followed would become the stuff of legend, as one would choose to take his ship into dangerous waters to answer the call for help, while the other would decide that the hazard to himself and his command was too great to risk responding. After years of research, Daniel Allen Butler now tells this incredible story, moving from ship to ship on the icy waters of the North Atlantic—in real time—to recount how

hundreds of people could have been rescued, but in the end, only a few outside of the meager lifeboats were saved. He then looks at the US Senate investigation in Washington, and ultimately, the British Board of Trade inquiry in London, where the actions of each captain are probed, questioned, and judged, until the truth of what actually happened aboard the Titanic, the Carpathia, and the Californian is revealed. “Powerful . . . very, very well-done.” —New York Times—bestselling author Clive Cussler

The Girl with Ghost Eyes

The Daoshi Chronicles, Book One *Simon and*

Schuster

"The Girl with Ghost Eyes is a fun, fun read. Martial arts and Asian magic set in Old San Francisco make for a fresh take on urban fantasy, a wonderful story that kept me up late to finish." —#1 New York Times bestselling author Patricia Briggs It's the end of the nineteenth century in San Francisco's Chinatown, and ghost hunters from the Maoshan traditions of Daoism keep malevolent spiritual forces at bay. Li-lin, the daughter of a renowned Daoshi exorcist, is a young widow burdened with yin eyes—the unique ability to see the spirit world. Her spiritual visions and the death of her husband bring shame to Li-lin and her father—and shame is

not something this immigrant family can afford. When a sorcerer cripples her father, terrible plans are set in motion, and only Li-lin can stop them. To aid her are her martial arts and a peachwood sword, her burning paper talismans, and a wisecracking spirit in the form of a human eyeball tucked away in her pocket. Navigating the dangerous alleys and backrooms of a male-dominated Chinatown, Li-lin must confront evil spirits, gangsters, and soulstealers before the sorcerer's ritual summons an ancient evil that could burn Chinatown to the ground. With a rich and inventive historical setting, nonstop martial arts action, authentic Chinese magic, and bizarre

monsters from Asian folklore, *The Girl with Ghost Eyes* is also the poignant story of a young immigrant searching to find her place beside the long shadow of a demanding father and the stigma of widowhood. In a Chinatown caught between tradition and modernity, one woman may be the key to holding everything together. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history),

and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

Elizabeth will never go to college, never learn to be a reporter—as she sees it, her life is over as soon as the Titanic reaches port. Of course, if she's unlucky, her life will be over far sooner than that. As Elizabeth and her family settle into their first-class cabins, Katie Hanrahan, a young Irish girl with dreams of finding fortune in America, makes her way to a steerage berth. Speak: The Graphic Novel *Farrar, Straus and Giroux (BYR)*
The critically

acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her.

With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

A Ride to Remember

A Civil Rights Story *Abrams*

The true story of how a 1963 ride on a carousel in Maryland made a powerful Civil Rights statement. *A Ride to Remember* tells how a community came together—both black and white—to make a change. When Sharon Langley was born in the early 1960s, many amusement parks were segregated, and African-American families were not allowed entry. This book reveals how in the summer of 1963, due to demonstrations and public protests, the Gwynn Oak Amusement Park in

Maryland became desegregated and opened to all for the first time. Co-author Sharon Langley was the first African-American child to ride the carousel. This was on the same day of Martin Luther King Jr.'s March on Washington for Jobs and Freedom. Langley's ride to remember demonstrated the possibilities of King's dream. This book includes photos of Sharon on the carousel, authors' notes, a timeline, and a bibliography. "Delivers a beautiful and tender message about equality from the very first page." —Kirkus Reviews, Starred Review "Cooper's richly textured illustrations evoke sepia photographs' dreamlike combination

of distance and immediacy, complementing the aura of reminiscence that permeates Langley and Nathan's narrative." —Publishers Weekly, Starred Review "A solid addition to U.S. history collections for its subject matter and its first-person historical narrative." —School Library Journal

Sea of Glory

America's Voyage of Discovery, The U.S. Exploring Expedition, 1838-1842 *Penguin*

"A treasure of a book."—David McCullough The harrowing story of a pathbreaking naval expedition that set out to map the entire Pacific Ocean, dwarfing Lewis and Clark with its

discoveries, from the New York Times bestselling author of *Valiant Ambition* and *In the Hurricane's Eye*. A New York Times Notable Book, America's first frontier was not the West; it was the sea, and no one writes more eloquently about that watery wilderness than Nathaniel Philbrick. In his bestselling *In the Heart of the Sea* Philbrick probed the nightmarish dangers of the vast Pacific. Now, in an epic sea adventure, he writes about one of the most ambitious voyages of discovery the Western world has ever seen—the U.S. Exploring Expedition of 1838–1842. On a scale that dwarfed the journey of Lewis and Clark, six magnificent sailing vessels and a

crew of hundreds set out to map the entire Pacific Ocean and ended up naming the newly discovered continent of Antarctica, collecting what would become the basis of the Smithsonian Institution. Combining spellbinding human drama and meticulous research, Philbrick reconstructs the dark saga of the voyage to show why, instead of being celebrated and revered as that of Lewis and Clark, it has—until now—been relegated to a footnote in the national memory. Shadow of the Titanic

The Extraordinary Stories of Those Who Survived *Simon and Schuster*

IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—passengers of the once majestic liner Titanic. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful silence settled over the sea. The sights and sounds of that night

would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters, memoirs, and diaries as well as interviews with survivors' family members, award-winning journalist and author Andrew Wilson

reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known second- and third-class passengers such as the Navratil brothers—who

were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story.

Zero Hour for Gen X

How the Last Adult Generation Can Save America from Millennials *Encounter Books*

In *Zero Hour for Gen X*, Matthew Hennessey calls on his generation, Generation X, to take a stand against tech-

obsessed millennials, apathetic baby boomers, utopian Silicon Valley “visionaries,” and the menace to top them all: the soft totalitarian conspiracy known as the Internet of Things. Soon Gen Xers will be the only cohort of Americans who remember life as it was lived before the arrival of the Internet. They are, as Hennessey dubs them, “the last adult generation,” the sole remaining link to a time when childhood was still a bit dangerous but produced adults who were naturally resilient. More than a decade into the social media revolution, the American public is waking up to the idea that the tech sector’s intentions might not be as pure as advertised.

The mountains of money being made off our browsing habits and purchase histories are used to fund ever-more extravagant and utopian projects that, by their very natures, will corrode the foundations of free society, leaving us all helpless and digitally enslaved to an elite crew of ultra-sophisticated tech geniuses. But it’s not too late to turn the tide. There’s still time for Gen X to write its own future. A spirited defense of free speech, eye contact, and the virtues of patience, Zero Hour for Gen X is a cultural history of the last 35 years, an analysis of the current social and historical moment, and a generational call to arms.

A Time to Stir

Columbia '68

Columbia University Press

For seven days in April 1968, students occupied five buildings on the campus of Columbia University to protest a planned gymnasium in a nearby Harlem park, links between the university and the Vietnam War, and what they saw as the university's unresponsive attitude toward their concerns. Exhilarating to some and deeply troubling to others, the student protests paralyzed the university, grabbed the world's attention, and inspired other uprisings. Fifty years after the events, *A Time to Stir* captures the reflections of those who participated in and witnessed the Columbia rebellion. With more than sixty

essays from members of the Columbia chapter of Students for a Democratic Society, the Students' Afro-American Society, faculty, undergraduates who opposed the protests, "outside agitators," and members of the New York Police Department, *A Time to Stir* sheds light on the politics, passions, and ideals of the 1960s. Moving beyond accounts from the student movement's white leadership, this book presents the perspectives of black students, who were grappling with their uneasy integration into a supposedly liberal campus, as well as the views of women, who began to question their second-class status within the protest movement and society

at large. *A Time to Stir* also speaks to the complicated legacy of the uprising. For many, the events at Columbia inspired a lifelong dedication to social causes, while for others they signaled the beginning of the chaos that would soon engulf the left. Taken together, these reflections present a nuanced and moving portrait that reflects the sense of possibility and excess that characterized the 1960s.

A Time to Stand

The Epic of the Alamo *Open Road Media*

The #1 New York Times–bestselling author of *The Miracle of Dunkirk* tells the story of the Texans who fought Santa Anna's troops at the Battle of the Alamo. Looking out over the walls of the whitewashed Alamo, sweltering in the intense sun of a February heat wave, Colonel William Travis knew his small garrison had little chance of

holding back the Mexican army. Even after a call for reinforcements brought dozens of Texans determined to fight for their fledgling republic, the cause remained hopeless. Gunpowder was scarce, food was running out, and the compound was too large to easily defend with less than two hundred soldiers. Still, given the choice, only one man opted to surrender. The rest resolved to fight and die. After thirteen days, the Mexicans charged, and the Texans were slaughtered. In exquisite detail, Walter Lord recreates the fight to uphold the Texan flag. He sheds light not just on frontier celebrities like Jim Bowie and Davy Crockett, but on the

ordinary soldiers who died alongside them. Though the fight ended two centuries ago, the men of the Alamo will never be forgotten.

Harriet Tubman

Conductor on the Underground Railroad

Open Road Media

A New York Times Outstanding Book for young adult readers, this biography of the famed Underground Railroad abolitionist is a lesson in valor and justice. Born into slavery, Harriet Tubman knew the thirst for freedom.

Inspired by rumors of an “underground railroad” that carried slaves to liberation, she dreamed of escaping the nightmarish existence of the Southern plantations and choosing a life of her own making. But after she finally did escape, Tubman made a decision born of profound courage and moral conviction: to go back and help those she’d left behind. As an activist on the Underground Railroad, a series of safe houses running from South to North and eventually into Canada, Tubman delivered more than three hundred souls to freedom. She became an insidious threat to the Southern establishment—and a symbol of hope to slaves everywhere. In

this “well-written and moving life of the ‘Moses of her people’” (The Horn Book), an acclaimed author makes vivid and accessible the life of a national hero, soon to be immortalized on the twenty-dollar bill. This intimate portrait follows Tubman on her journey from bondage to freedom, from childhood to the frontlines of the abolition movement and even the Civil War. In addition to being named a New York Times Outstanding Book, *Harriet Tubman: Conductor on the Underground Railroad* was also selected as an American Library Association Notable Book.
