By Andrew October 19, 2020. October 19, 2020. Porsche. The 1989 model year was the final year of the torsion-bar 911, and only 1,156 US-market Carrera coupes were made. If that number seems low, it is because the 1989 was a split model year, as the 964s were also sold as 1989 models. Given that the 911 basically looked the same from 1974 to 1989, I can't imagine it was a fun job trying to sell these 1989 911s when new when totally new 964s were sitting in the showroom.
