Multinational Corporations And The Third

This chapter provides a preliminary assessment of the extent to which multinational corporations are enmeshed in the various armament strategies pursued by developing countries. A final factor which accelerated the build-up of conventional weapons in many Third World countries during the 1970s was the rapid reorganization of international economic and military relationships between North and South.

by James C. W. Ahiakpor • July 20, 2010. Multinational corporations (MNCs) engage in very useful and morally defensible activities in Third World countries for which they frequently have received little credit. Significant among these activities are their extension of opportunities for earning higher incomes as well as the consumption of improved quality goods and services to people in poorer regions of the world.
