Quiz & Worksheet - Types of Economic Resources | Study.com

The four basic economic questions are: what goods to produce, how to use resources in the production process, who receives the finished goods and when to produce the goods. Answering these four questions is essential for an economy to function properly. The question of what to produce is one that addresses both the needs of society and the most efficient use of available resources.

What Are the Four Basic Economic Questions?

Favourite answer: Supply and Demand curves are independent of each other. If demand exceeds supply, that creates a

shortage. That means that some of the demand will not be fulfilled, but it doesn't...
