It analyses how the international order at sea is managed and how it is challenged through policy responses by selected three rim states: Russia – as the Arctic "superpower", the United States – as the global great power in the region, and Norway – as a small yet active and influential player with a significant impact on the regional development. The book chapter analyses the transformation of the maritime economy and the Arctic as a resource base and medium of transportation as the ...

Maritime security and International Order at Sea in the Arctic

"International Order at Sea's global perspective on maritime security provides important insights, not only on the challenges being faced by national decision makers, but potential solutions to some of the more intractable problems. Its mix of expert practitioners with leading theoretical analysts gives the reader a clear sense not only of what really matters in the maritime domain, but what most needs to be done for its future governance." (Rear Admiral James Goldrick RAN (Retd) Fellow ...
