The Idea Of The Numinous

The idea of the numinous is often raised in psychoanalytic and psychodynamic contexts, but it is rarely itself subjected to close scrutiny. This volume examines how the numinous has gained currency in the post-modern world, demonstrating how the numinous is no longer confined to religious discourses but is included in humanist, secular and scientific views of the world.

The Idea of the Numinous: Contemporary Jungian and ...

Numinous is a term derived from the Latin numen, meaning "arousing spiritual or religious emotion; mysterious or awe-inspiring." The term was given its present sense by the German

theologian and philosopher Rudolf Otto in his influential 1917 German book *Das Heilige*, which appeared in English as *The Idea of the Holy* in 1923. He also used the phrase *mysterium tremendum* as another description for the phenomenon. Otto's concept of the numinous influenced thinkers including Carl Jung, Mircea Eliade

At the heart of Yoon's numinous is the idea of encounter with what is other. He then establishes a parallel between the 'otherness' of the numinous and the 'newness' of the technologies utilised by multimedia art to approach this otherness--for instance through its capacity to manipulate and alter our experience of time (in relation to the work of Nam June Paik, Bill Viola, Atta Kim and Mariko Mori).

Spirituality in Contemporary Art: The Idea of the Numinous ...

This academic text defines quite rigorously the numinous which is a more profound spiritual and universal phenomenological human experience than religiosity or the sublime. The author

goes through a rather meticulous effort to articulate exactly what he means by numinous, which aspects he has found in contemporary art and how his installations are trying to conjure this mental state in the viewer.

Rudolf Otto's Concept of the "Numinous" Otto was one of the most influential thinkers about religion in the first half of the twentieth century. He is best known for his analysis of the experience that, in his view, underlies all religion. He calls this experience "numinous," and says it has three components.

Rudolf Otto's Concept of the "Numinous"

In that work, however, Otto was conscious of moving beyond his previous efforts, exploring more specifically the nonrational

aspect of the religious dimension, for which he coined the term numinous, from the Latin numen ("god," "spirit," or "divine"), on the analogy of "ominous" from "omen." The numinous, the awe-inspiring element of religious experience, Otto contended,

Rudolf Otto was an eminent German Lutheran theologian, philosopher, and comparative religionist. He is regarded as one of the most influential scholars of religion in the early twentieth century and is best known for his concept of the numinous, a profound emotional experience he argued was at the heart of the world's religions. While his work started in the domain of liberal Christian theology, its main thrust was always apologetical,

seeking to defend religion against naturalist critiques. Ott
