Manual Trim For Sale - Personal Watercraft Parts

I've looked through the countless threads and old pix, but haven't found a true manual trim for an x2. I've based what I came up with off of a few designs from this site, but feel that the nozzle is forced upward by the pump pressure. I put a couple springs on the bottom of the nozzle, but now I need two hands to squeeze it. Is is there a production version made by anyone?
