Calculation heavy. That's how I'd describe it. If you were weak in math like me, paper 2 was an absolute murder. As others have said, Winkler method, BOD and ozone chemistry came out - things that IB has barely ever tested. So in a nutshell, I got a 53 for paper 2 and I lost my 7 :) so much for a predicted 7

Exactly one year ago today, I had made Reddit for the sole reason of finding an IB community that can help me get through these two years. I had made a post as a naive IB year 1 student like 3 months into the program, asking for tips to manage the next two years and all of you were actually super helpful (if you wanna see the responses you can go to profile and see the post).
