Remind Me Again What Happened *Algonquin Books*

"There is a smudge where my memory is supposed to be." Claire wakes in a hospital room in the Florida Keys. She has no idea how she got there or why. The loss of so many memories is paralyzing. Some things she can piece together by looking at old photos saved by her husband, Charlie, and her best friend, Rachel, and by combing through boxes of letters and casual jottings. But she senses a mystery at the center of all these fragments of her past, a feeling that something is not complete. Is Charlie still her husband? Is Rachel still her friend? Told from alternating points of view that pull the reader into the minds of the three characters, the story unfolds as the smudge that covers Claire's memory is gradually, steadily wiped away, until finally she can understand the why and the how of her life. And then maybe she and Charlie and Rachel can move forward, but with their lives forever changed. In Remind Me Again What Happened, debut novelist Joanna Luloff has written a moving and beautifully nuanced story of transience, the ebb and flow of time, and how relationships shift and are reconfigured by each day, hour, and minute.

Annie on My Mind *Open Road Media*

A landmark in LGBT fiction, this captivating story of two teenage girls who fall in love is a "classic of the genre" (Publishers Weekly). When Liza Winthrop first lays eyes on Annie Kenyon at the Metropolitan Museum of Art, she knows there's something special between them. Soon, their close friendship develops into a deep and intimate romance. Neither imagined that falling in love could be so wonderful, but as Liza and Annie's newfound sexuality sparks conflict in both their families and at their schools, they discover it will take more than love for their relationship to succeed. One of the first books to positively portray a lesbian relationship, Annie on My Mind is a groundbreaking classic of the genre. The subject of a First

Amendment lawsuit over banned books and one of School Library Journal's "One Hundred Books that Shaped the Century," Nancy Garden's iconic novel is an important story for anyone discovering who they're meant to be.

Maximum Light *Macmillan*

By the middle of the twenty-first century the worldwide fertility rate has declined nearly eighty percent. No one knows why. Now the average age in the United States is fifty-four, and children are treasured and spoilt by those lucky enough to have them and coveted by the vast majority who can't. *Maximum Light* is the story of three people from different sections of this very different American society. Nick Clementi is seventy-five years old, a doctor, and an advisor to the Congressional Advisory Committee for Medical Crises. Shana Walders is twenty-six and has just finished her two years in the National Service Corps. Cameron Atuli is twenty-eight, a principal dancer with the National Ballet, and has willingly had a portion of his memory removed; what it was and why he did it, he doesn't know. In her last days of National Service, Shana witnesses something so horrible that it is immediately brought to the attention of Clementi's committee, but so shocking that even the committee would like to believe that it can't be true. And what Cameron can't remember may be the key to the mystery. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Once Upon a Thriller *Simon and Schuster*

Nancy and her friends need more than book smarts to get to the bottom of a literary mystery in this fourth book of the Nancy Drew Diaries, a new take on the classic series. A rash of crimes in a neighboring town—a blazing fire at a bookstore, a boat that sinks in the harbor, and a valuable dog's dognapping—are eerily similar to the plots from famous mystery writer Lacey O'Brien's popular books. So who's behind the crimes? Could it be Lacey looking for publicity? One of Lacey's superfans? Or maybe it's Paige Samuels, owner of the bookstore that burned. Nancy, Bess, and George will have to read between the lines as they dig deep into a dangerous mystery.

Nothing Personal

My Secret Life in the Dating App Inferno *Hachette Books*

A raw and funny memoir about sex, dating, and relationships in the digital age, intertwined with a brilliant investigation into the challenges to love and intimacy wrought by dating apps, by firebrand New York Times bestselling author Nancy Jo Sales. At forty-nine, famed *Vanity Fair* writer Nancy Jo Sales was nursing a broken heart and wondering, "How did I wind up alone?" On the advice of a young friend, she downloaded Tinder, then a brand-new dating app. What followed was a raucous ride through the world of online dating. Sales, an award-winning journalist and single mom, became a leading critic of the online dating industry, reporting and writing articles and making her directorial debut with the HBO documentary *Swiped: Hooking Up in the Digital Age*. Meanwhile, she was dating a series of younger men, eventually falling in love with a man less than half her age. *Nothing Personal* is Sales's memoir of coming-of-middle-age in the midst of a new dating revolution. She is unsparingly honest about her own experience of addiction to dating apps and hilarious in her musings about dick pics, sexting, dating FOMO, and more. Does Big Dating really want us to find love, she asks, or just keep on using its apps? Fiercely feminist, *Nothing Personal* investigates how Big Dating has overwhelmed the landscape of dating, cynically profiting off its users' deepest needs and

desires. Looking back through the history of modern courtship and her own relationships, Sales examines how sexism has always been a factor for women in dating, and asks what the future of courtship will bring, if left to the designs of Silicon Valley's tech giants—especially in a time of social distancing and a global pandemic, when the rules of romance are once again changing.
