EconPapers: An almost practical step toward sustainability

An almost practical step toward sustainability emerges quite naturally from the calculations. It is, in fact, a corrected version of net domestic product. The new feature is precisely a deduction for the net depletion of exhaustible resources.

An almost practical step toward sustainability

Solow's "An Almost Practical Step toward Sustainability". In his highly regarded lecture, "An Almost Practical Step toward Sustainability," economist and Nobel Prize winner Robert Solow proposed a model for sustainable economic growth. His strategy complemented the Malthusian model of economic stagnation and was based on his assumption of a "weak sustainability," in which the substitutability of natural resources was preferred over their actual preservation.
