Teaching Research Processes: The Faculty Role in the ...

Teaching Research Processes suggests a novel way in which information literacy can come within the remit of teaching faculty, supported by librarians, and re-conceived as "research processes." The aim is to transform education from what some see as a primarily one-way knowledge communication practice, to an interactive practice involving the core research tasks of subject disciplines.

Teaching materials The teaching materials for each epiSTEMe module consist of a set of Projection Slides and a Study Booklet supported by Teaching Notes and, in some cases, further resources. The classroom material has been designed to be suitable for any Year 7 class in which a majority of students achieved Level 4 in the relevant subject in their end-of-KS2 assessment.
