Solution-Focused Brief Therapy | Psychology Today

Solution focused brief therapy is a simple idea but not easy to put into practice. It consists of only three basic questions which, if they can be answered, often lead to dramatic change. The task of the therapist is to ask the questions in a way that leads the client to discover the answers and this

requires considerable skill.

BRIEF - What Happens in Solution Focused Counselling

Solution-Focused Brief Therapy (SFBT), also called Solution-Focused Therapy (SFT) was developed by Steve de Shazer (1940-2005), and Insoo Kim Berg (1934-2007) in collaboration with their colleagues at the Milwaukee Brief Family Therapy Center beginning in the late 1970s. As the name suggests, SFBT is future-focused, goal-directed, and focuses on solutions, rather than on the problems that brought clients to seek therapy.

What is Solution-Focused Therapy?

Solution-focused therapy is a type of treatment that highlights a client’s ability to solve problems, rather than why or how the problem was created. It was developed over some time after observations of therapists in a mental health facility in Wisconsin by Steve de Shazer and Insoo Kim Berg and their colleagues.

Solution-focused therapy - also known as solution-focused brief therapy or brief therapy - is an approach to psychotherapy based on solution-building rather than problem-solving. Although it acknowledges present problems and past causes, it predominantly explores an individual's current resources and future hopes.

Solution-focused therapy - Counselling Directory

Solution-focused therapy (SFBT) is a goal-directed collaborative approach to psychotherapeutic change that is conducted through direct observation of clients' responses to a series of precisely constructed questions. Based upon social constructionist thinking and Wittgensteinian philosophy, SFBT focuses on addressing what clients want to achieve without exploring the history and provenance of problem. SF therapy sessions typically focus on the present and future, focusing on the past only to the

Solution-focused brief therapy - Wikipedia

Solution focused therapy is similar to other therapy methods in that you generally sit with a therapist one-on-one to do the work. These days, virtual and online options are also available for solution focused therapy. The difference between solution focused therapy and other methods is where the focus lies, and what is discussed during a typical session.
