The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir following her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she'd suffered as a child, she started climbing. Something about the brute force required for the ascent— the risk and spirit and sheer size of the mountains and death's close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. "The Mother of the World," as it's known in Nepal, allows few to reach her summit, but Silvia didn't go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. An Unexpected U.S. History in Thirteen Bestselling Books *Penguin*

“An elegant, meticulously researched, and eminently readable history of the books that define us as Americans. For history buffs and book-lovers alike, McHugh offers us a precious gift.”—Jake Halpern, Pulitzer Prize winner and New York Times bestselling author “With her usual eye for detail and knack for smart storytelling, Jess McHugh takes a savvy and sensitive look at the 'secret origins' of the books that made and defined us. . . . You won't want to miss a one moment of it.”—Brian Jay Jones, author of Becoming Dr. Seuss and the New York Times bestselling Jim Henson The true, fascinating, and remarkable history of thirteen books that defined a nation Surprising and delightfully engrossing, Americanon explores the true history of thirteen of the nation’s most popular books. Overlooked for centuries, our simple dictionaries, spellers, almanacs, and how-to manuals are the unexamined touchstones for American cultures and customs. These books sold tens of millions of copies and set out specific archetypes for the ideal American, from the self-made entrepreneur to the humble farmer. Benjamin Franklin’s Autobiography, How to Win Friends and Influence People, Webster's Dictionary, Emily Post’s Etiquette: Americanon looks at how these ubiquitous books have updated and reemphasized potent American ideals—about meritocracy, patriotism, or individualism—at crucial moments in history. Old favorites like the Old Farmer’s Almanac and Betty Crocker’s Picture Cook Book are seen in this new way—not just as popular books but as foundational texts that shaped our understanding of the American story. Taken together, these books help us understand how their authors, most of them part of a powerful minority, attempted to construct meaning for the majority. Their beliefs and quirks—as well as personal interests, prejudices, and often strange personalities—informed the values and habits of millions of Americans, woven into our cultural DNA over generations of reading and dog-earing. Yet their influence remains uninvestigated-until now. What better way to understand a people than to look at the books they consumed most, the ones they returned to repeatedly, with questions about everything from spelling to social mobility to sex. This fresh and engaging book is American history as you’ve never encountered it before.

Lost Lake

A Novel *St. Martin's Press*

Now a New York Times Bestseller From the author of the beloved bestseller Garden Spells comes a beautiful, haunting story of old loves and new, and the power of the connections that bind us forever... The first time Eby Pim saw Lost Lake, it was on a picture postcard. Just an old photo and a few words on a small square of heavy stock, but when she saw it, she knew she was seeing her future. That was half a life ago. Now Lost Lake is about to slip into Eby's past. Her husband George is long passed. Most of her demanding extended family are gone. All that's left is a once-charming collection of lakeside cabins succumbing to the Southern Georgia heat and damp, and an assortment of faithful misfits drawn back to Lost Lake year after year by their own unspoken dreams and desires. It's a lot, but not enough to keep Eby from relinquishing Lost Lake to a developer with cash in hand, and calling this her final summer at the lake. Until one last chance at family knocks on her door. Lost Lake is where Kate Pheris spent her last best summer at the age of twelve, before she learned of loneliness, and heartbreak, and loss. Now she's all too familiar with those things, but she knows about hope too, thanks to her resilient daughter Devin, and her own willingness to start moving forward. Perhaps at Lost Lake her little girl can cling to her own childhood for just a little longer... and maybe Kate herself can rediscover something that slipped through her fingers so long ago. One after another, people find their way to Lost Lake, looking for something that they weren't sure they needed in the first place: love, closure, a second chance, peace, a mystery solved, a heart mended. Can they find what they need before it's too late? At once atmospheric and enchanting,

Lost Lake shows Sarah Addison Allen at her finest, illuminating the secret longings and the everyday magic that wait to be discovered in the unlikelyst of places.

Stealing Buddha's Dinner *Penguin*

Winner of the PEN/Jerard Award Chicago Tribune Best Book of the Year Kiriyaama Notable Book "[A] perfectly pitched and prodigiously detailed memoir." - Boston Globe As a Vietnamese girl coming of age in Grand Rapids, Michigan, Nguyen is filled with a rapacious hunger for American identity, and in the pre-PC-era Midwest (where the Jennifers and Tiffanys reign supreme), the desire to belong transmutes into a passion for American food. More exotic- seeming than her Buddhist grandmother's traditional specialties, the campy, preservative-filled "delicacies" of mainstream America capture her imagination. In Stealing Buddha's Dinner, the glossy branded allure of Pringles, Kit Kats, and Toll House Cookies becomes an ingenious metaphor for Nguyen's struggle to become a "real" American, a distinction that brings with it the dream of the perfect school lunch, burgers and Jell- O for dinner, and a visit from the Kool-Aid man. Vivid and viscerally powerful, this remarkable memoir about growing up in the 1980s introduces an original new literary voice and an entirely new spin on the classic assimilation story.

Refuge: A Novel *Penguin*

“Rich and colorful... [Refuge] has the kind of immediacy commonly associated with memoir, which lends it heft, intimacy, atmosphere.” -New York Times The moving lifetime relationship between a father and a daughter, seen through the prism of global immigration and the contemporary refugee experience. An Iranian girl escapes to America as a child, but her father stays behind. Over twenty years, as she transforms from confused immigrant to overachieving Westerner to sophisticated European transplant, daughter and father know each other only from their visits: four crucial visits over two decades, each in a different international city. The longer they are apart, the more their lives diverge, but also the more each comes to need the other's wisdom and, ultimately, rescue. Meanwhile, refugees of all nationalities are flowing into Europe under troubling conditions. Wanting to help, but also looking for a lost sense of home, our grown-up transplant finds herself quickly entranced by a world that is at once everything she has missed and nothing that she has ever known. Will her immersion in the lives of these new refugees allow her the grace to save her father? Refuge charts the deeply moving lifetime relationship between a father and a daughter, seen through the prism of global immigration. Beautifully written, full of insight, charm, and humor, the novel subtly exposes the parts of ourselves that get left behind in the wake of diaspora and ultimately asks: Must home always be a physical place, or can we find it in another person?

Revolutionary Mothers

Women in the Struggle for America's Independence *Vintage*

The American Revolution was a home-front war that brought scarcity, bloodshed, and danger into the life of every American. In this groundbreaking history, Carol Berkin shows us how women played a vital role throughout the conflict. The women of the Revolution were most active at home, organizing boycotts of British goods, raising funds for the fledgling nation, and managing the family business while struggling to maintain a modicum of normalcy as husbands, brothers and fathers died. Yet Berkin also reveals that it was not just the men who fought on the front lines, as in the story of Margaret Corbin, who was crippled for life when she took her husband's place beside a

cannon at Fort Monmouth. This incisive and comprehensive history illuminates a fascinating and unknown side of the struggle for American independence.

The Dawn of Everything

A New History of Humanity *Farrar, Straus and Giroux*

INSTANT NEW YORK TIMES BESTSELLER A dramatically new understanding of human history, challenging our most fundamental assumptions about social evolution—from the development of agriculture and cities to the origins of the state, democracy, and inequality—and revealing new possibilities for human emancipation. For generations, our remote ancestors have been cast as primitive and childlike—either free and equal innocents, or thuggish and warlike. Civilization, we are told, could be achieved only by sacrificing those original freedoms or, alternatively, by taming our baser instincts. David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals. Revisiting this encounter has startling implications for how we make sense of human history today, including the origins of farming, property, cities, democracy, slavery, and civilization itself. Drawing on pathbreaking research in archaeology and anthropology, the authors show how history becomes a far more interesting place once we learn to throw off our conceptual shackles and perceive what’s really there. If humans did not spend 95 percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture, and cities, did not mean a plunge into hierarchy and domination, then what kinds of social and economic organization did they lead to? The answers are often unexpected, and suggest that the course of human history may be less set in stone, and more full of playful, hopeful possibilities, than we tend to assume. The Dawn of Everything fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black-and-White Illustrations

Half of a Yellow Sun *Vintage Canada*

With her award-winning debut novel, Purple Hibiscus, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the “21st century daughter” of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra’s impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo’s beautiful mistress, Olanna, a sociology teacher, is running away from her parents’ world of wealth and excess; Kainene, her urbane twin, is taking over their father’s business; and Kainene’s English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, Half of a Yellow Sun is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.
