Pregnancy, Childbirth, and the Newborn

The Complete Guide Da Capo Lifelong Books
Available for the first time in full color, the up-to-date and authoritative pregnancy guide that has sold 1.5 million copies--by recognizing that "one size fits all" doesn't apply to maternity care Parents love this book because it puts them in control; experts love it because it's based on the latest medical research and recommendations from leading health organizations. Pregnancy, Childbirth, and the Newborn provides the information and guidance you need to make informed decisions about having a safe and satisfying pregnancy, birth, and postpartum period--decisions that reflect your preferences, priorities, and values. Unlike pregnancy guides that can overwhelm and alarm by

telling you up front all the things that can possibly go wrong, this book first describes normal, healthy processes, their typical variations, and the usual care practices for monitoring them. Only then does it cover possible complications and the care practices and procedures for resolving them. Throughout, the presentation is crystal-clear, the tone is reassuring, and the voice is empowering. And the language is inclusive, reflecting today's various family configurations such as single-parent families, blended families formed by second marriages, families with gay and lesbian parents, and families formed by open adoption or surrogacy. From sensible nutrition advice to realistic birth plans, from birth doulas when desired to cesareans when needed, from reducing stress during pregnancy to caring for yourself as well as your baby after birth, this pregnancy guide speaks to today's parents-to-be like no other.

Pregnancy, Childbirth, and the Newborn

The Complete Guide *Simon and Schuster*

If you only buy one pregnancy book, this should be the one! It's the most complete. It covers all aspects of childbearing, from conception through early infancy, and tells you what to expect. It offers detailed information, suggestions on decisions to make, and advice on steps to take to have a safe and satisfying experience. The Award-Winning Resource Recommended by Experts & Loved by Parents Parents love this book because it puts them in control by explaining a wide range of options, information, and questions to ask, so parents can find what works best for their health situation, personal goals, and priorities. Experts love this book because it's based on the latest medical research and recommendations from leading health organizations. It's practical—rooted in the real-life experiences of new families. The five authors bring a combined total of 150 years of experience working with expectant and new families as educators, nurses, counselors, doulas, physical therapists, and lactation consultants. They have attended hundreds of births, heard thousands of birth stories, and assisted innumerable new parents in adapting to their new lives. Not only that, the authors have a combined total of 12 children and 12 grandchildren. All of this experience allows them to write with compassion, understanding, and wisdom based on what really works in the real-world of parenting. The companion website offers even more details on select subjects, including lists of all the best resources on each topic and worksheets to guide parents' decision-making process. The website also includes a bonus chapter on pre-conception, which provides ways to improve your health and fertility before pregnancy begins.

Confused by conflicting advice? Bumpin’ will radically transform your pregnancy journey to one of confidence and optimism. With over a decade of experience advising women’s healthcare and technology companies, Leslie Schrock distills cutting-edge research into your most comprehensive pregnancy guide—from conception through the newborn months. Based on the latest clinical evidence and practical advice from top experts, Bumpin’ enables you to make the best decisions for your unique family. With a look at the science, it tackles every pregnancy FAQ and topics like the truth about cleaning up your cosmetics, nutrition, epidurals, and activity; and the practical, like putting together a baby budget and navigating work. Bumpin’ also takes you all the way through the postpartum period because taking your baby home and recovering brings unexpected physical, mental, and life changes that are too often overlooked for you and your partner. Inside Bumpin’ you’ll find: -A trimester-by-trimester overview from trimester zero (conception) through the postpartum period and return to work -The truth about age and fertility and how to manage any issues that arise -Research on topics like vaccinations, breastfeeding, and exercise -The science behind your physical changes, leaks, sweats, and every other unexpected pregnancy symptom – and how to manage them to enhance your long term health -Birth preferences and preparing for unpredictable changes -The challenges of navigating parental leave and returning to work -Unique advice for partners -Budgeting, finance tips, baby registry, and hospital checklists Every pregnancy is unique and often unpredictable. For Leslie, this meant handling curveballs like miscarriage and later a birth that didn’t go according to plan. She turned her personal journey into this book, written while she was pregnant, with the help of a wide network of experts she consulted along the way, including doulas, ob-gyns, midwives, therapists, prenatal trainers, and nutritionists. Warm, funny, and non-judgemental, Bumpin’ will leave you feeling prepared and ready to tackle anything that comes your way. A portion of proceeds will be donated to Every Mother Counts and National Birth Equity Collaborative to support maternal and child health.

The Wise Woman's Guide to Your Healthiest Pregnancy and Birth

From Preconception to Postpartum *Simon and Schuster*

A fresh, new pregnancy guide—the first complete functional medicine book—offering women and their partners a comprehensive approach to maintain and enhance health and wellness before, during, and after pregnancy. The Wise Woman’s Guide to Your Healthiest Pregnancy and Birth combines the expertise of top-tier physical therapist Patricia Ladis—who works with superstar athletes, professional dancers, and celebrities—with Dr. Anita Sadaty, a highly regarded holistic ob-gyn with a celebrity clientele. Together, they have devised a six-step protocol beginning the six months before conception continuing forty days post-birth and beyond, incorporating holistic principles that encourage optimal wellness for mother, partner, and baby. Whether they are in their 20’s, 30’s or 40’s, this book empowers readers to be in tune with their bodies during all stages of pregnancy, and is the first book by a functional medicine dream-team aligning medical and structural body issues to avoid such potential pregnancy outcomes as osteoporosis, sciatica, pelvic prolapse, structural weakness, and postpartum depression. Each of the six stages organizes Ladis and Sadaty’s holistic principles into five easy-to-follow aspects: Body, Movement, Breathing, Nourishment, and Wisdom. They include practical applications such as foods to help reduce internal inflammation, specific exercises—with instructive photos—in each stage, breathing techniques to lower stress, and “pearls of wisdom” backed by science exploring a multicultural history of this special time in a woman’s life. For the first time, a pregnancy guide considers the importance of choices you make six months prior to conception, and the effect on genes. When both members of a couple are calm, fit, and well-nourished, the latest science suggests that together they are less likely to pass on negative genes to a child.
