Economic Growth and Sustainability - 1st Edition

To address the paradox between economic growth and sustainability, we must find a way to balance the two and allow them to coexist. This balance may be possible not only by developing alternative energy sources but mostly by dramatically containing the growth spirals of economy, population and depletion of resources, reducing them to a state of near stasis.

Economic growth and sustainability - are they mutually ...

In 2018, women were twice as likely than men to be without a job, education, or training. To address these problems with economic growth, the UN has put in place SDG 8. The Goal SDG 8 seeks to promote sustained, inclusive and sustainable economic growth, full and productive employment, and decent work for all. Targets and Indicators
