Writing

Writing, form of human communication by means of a set of visible marks that are related, by convention, to some particular structural level of language. Languages are systems of symbols, and writing is a system for symbolizing these symbols. Learn more about writing in this article.

writing | History, Styles, Types, Importance, & Facts ...

Writing is a medium of human communication that involves the representation of a language with symbols. Writing systems are not themselves human languages (with the debatable exception of computer languages); they are means of rendering a language into a form that can be reconstructed by other humans separated by time and/or space. While not all languages utilize a writing system, those with ...
