A Soprano on Her Head

Right-side-up Reflections on Life

and Other Performances

Eloise Ristad deals here with complex problems which torment and cripple so many of our most creative and talented people, and she does so with compassion, wisdom, and wit. The problem of stage fright, for instance, is a suffering of epidemic proportions in our society, and involves modalities of thought and projections that rob spontaneity and enthusiasm in artistic performance. Those interested in creative education have long felt that an entirely new, holistic and nurturing process of allowing individuals to discover and express themselves is needed if our educational system is to avoid the neuroses and creative blocks of the past generation. This book illuminates through its conversational

style the destructive inhibitions, fears, and guilt experienced by all of us as we fail to break through to creativity. This story is told to me day after day in conservatories and college campuses around the world. Indeed I felt at times that she was telling of my own most petty and debilitating fears. But what is important, A Soprano on Her Head supplies answers and methods for overcoming these universal psychological blocks--methods that have not only been proven in her own studio, but which trace back through history to the oldest and wisest systems of understanding the integration of mind and body. The work bears scrutiny both scientifically and holistically. - Foreword.

Finding Happiness Singing with Others *Algonquin Books*

"In this one-of-a-kind celebration of singing with others, I'd call her pitch nearly perfect."—The Atlantic For Stacy Horn, regardless of what is going on in the world or her life, singing in an amateur choir—the Choral Society of Grace Church in New York—never fails to take her to a place where hope reigns and everything good is possible. She's not particularly religious, and her voice is not exceptional (so she says), but like the 32.5 million other chorus members

throughout this country, singing makes her happy. Horn brings us along as she sings some of the greatest music humanity has ever produced, delves into the dramatic stories of conductors and composers, unearths the fascinating history of group singing, and explores remarkable discoveries from the new science of singing, including all the unexpected health benefits. *Imperfect Harmony* is the story of one woman who has found joy and strength in the weekly ritual of singing and in the irresistible power of song.

Practicing, in

Westney's view, is a lively, honest, adventurous, and spiritually rewarding enterprise, and it can (and should) meet with daily success, which empowers us to grow even more. You Cannoli Die Once *Simon and Schuster*

In this entertaining and delightful mystery, an Italian chef and her cousins start their own investigation to clear their grandmother's name after she's arrested for murder. At Miracolo Northern Italian restaurant, one can savor brilliantly seasoned veal

saltimbocca, or luscious risotto alla milanese, but no cannoli. Never cannoli. Maria Pia Angelotta, the spirited seventy-six-year-old owner of the Philadelphia-area eatery that's been in her family for four generations, has butted heads with her head chef over the cannoli ban more than once. And when the head chef is your own granddaughter, things can get a little heated. Fortunately, Eve Angelotta knows how to handle what her nonna dishes out. But when Maria Pia's boyfriend is found dead in Miracolo's kitchen, bludgeoned by a marble mortar, the question arises: Can a woman this fiery and stubborn over cream-filled pastry be capable of murder? The police seem to think so, and they put the elder Angelotta behind bars, while Eve, sexy neighborhood attorney Joe Beck, and the

entire Miracolo family— parenti di sangue and otherwise—try every trick in the cookbook to unravel a tangle of lies and expose a killer.

The Sopranos Sessions *Abrams*

On January 10, 1999, a mobster walked into a psychiatrist's office and changed TV history. By shattering preconceptions about the kinds of stories the medium should tell, *The Sopranos* launched our current age of prestige television, paving the way for such giants as *Mad Men*, *The*

Wire, Breaking Bad, and Game of Thrones. As TV critics for Tony Soprano's hometown paper, New Jersey's *The Star-Ledger*, Alan Sepinwall and Matt Zoller Seitz were among the first to write about the series before it became a cultural phenomenon. To celebrate the 20th anniversary of the show's debut, Sepinwall and Seitz have reunited to produce *The Sopranos Sessions*, a collection of recaps, conversations, and critical essays covering every episode. Featuring a series of new long-form interviews with series creator David Chase, as well as selections from the authors' archival writing on the series, *The Sopranos Sessions* explores the show's artistry, themes, and legacy, examining its portrayal of Italian Americans, its graphic depictions of

violence, and its deep connections to other cinematic and television classics.

The Daughters: A Novel *W. W. Norton & Company*

Winner of the 2015 PEN Southwest Book Award "Endlessly powerful. . . . Here is one you should not miss, a gratifying feast in lush, lyrical, and full-throated form."—NPR.org Lulu can't sing. Since the traumatic birth of her daughter, the internationally renowned soprano hasn't

dared utter a note. She's afraid that her body is too fragile and that she may have lost her talent to a long-dreaded curse afflicting all of the mothers in her family. When Lulu was a child, her strong-willed grandmother Ada filled her head with fables of the family's enchanted history in the Polish countryside. A fantastical lore took hold—an incantatory mix of young love, desperate hope, and one sinister bargain that altered the family's history forever. Since that fateful pact, Ada tells Lulu, each mother in their family has been given a daughter, but each daughter has exacted an essential cost from her mother. Ada was the first to recognize young Lulu's transcendent talent, spotting it early on in their cramped Chicago apartment, then watching her

granddaughter ascend to dizzying heights in packed international concert halls. But as the curse predicted, Lulu's mother, a sultry and elusive jazz singer, disappeared into her bitterness in the face of Lulu's superior talent—before disappearing from her family's life altogether. Now, in the early days of her own daughter's life, Lulu now finds herself weighing her overwhelming love for her child against the burden of her family's past. In incandescent prose, debut novelist Adrienne Celt skillfully intertwines the sensuous but precise physicality of both motherhood and music. She infuses *The Daughters* with the spirit of the *rusalka*, a bewitching figure of Polish mythology that inspired Dvořák's classic opera. The result is a tapestry of secrets, affairs, and

unimaginable sacrifices, revealing a family legacy laced with brilliance, tragedy, and most mysterious and seductive of all—the resonant ancestral lore that binds each mother to the one that came before.

The Encore

Charity Tillemann-Dick was a vivacious young American soprano studying at the celebrated Franz Liszt Academy of Music in Budapest when she

received devastating news: her lungs were failing, her heart was three and a half sizes too big, and she would die within five years. Medical experts advised Charity to abandon her musical dreams, but if her time was running out, she wanted to spend it doing what she loved. In just three years, she endured two double lung transplants and had to slowly learn to breathe, walk, talk, eat, and sing again. With new lungs and fierce determination, she eventually fell in love, rebuilt her career, and reclaimed her life. More than a decade after her diagnosis, she has a chart-topping album, performs around the globe, and is a leading voice for organ donation. Weaving Charity’s extraordinary tale of triumph with those of opera’s greatest heroines, *The Encore* illuminates the

indomitable human spirit and is “an uplifting story of overcoming significant odds to fulfill a dream” (Kirkus Reviews).

Playing Scared

My Journey Through Stage Fright

Bloomsbury Publishing

Stage fright is one of the human psyche's deepest fears. Over half of British adults name public speaking as their greatest fear, even greater than heights and snakes. Laurence Olivier learned to adapt to it, as have actors Salma Hayek and Hugh Grant. Musicians such as Paul McCartney and Adele have battled it and learned to cope. *Playing Scared* is Sara Solovitch's journey into the myriad causes of stage fright and the equally diverse ways we can

overcome it. As a young child, Sara studied piano and fell in love with music. As a teen, she played Bach and Mozart at her hometown's annual music festival, but was overwhelmed by stage fright, which led her to give up aspirations of becoming a professional pianist. In her late fifties, Sara gave herself a one-year deadline to tame performance anxiety and play before an audience. She resumed music lessons, while exploring meditation, exposure therapy, cognitive therapy, biofeedback and beta blockers, among many other remedies. She practiced performing in airports, hospitals and retirement homes. Finally, the day before her sixtieth birthday, she gave a formal recital for an audience of fifty. Using her own journey as inspiration, Sara has written a thoughtful

and insightful cultural history of performance anxiety and a tribute to pursuing personal growth at any age.

Head First

The Language of the Head Voice *University Press of America*

Denes Striny's international singing career brought him to the major opera houses of the world in leading roles. At the same time, he was evolving his vocal technique in a quest to find his full vocal potential. This book documents his struggles and successes with himself, teachers, coaches, and other singers. Striny, while maintaining his singing

career, also had a full studio of singers studying with him in New York City. In this his first book, Striny confronts and explains the universal problem in singing today. This problem is at the center of an important dilemma in the world of opera today-namely, where have all the great operatic voices gone? Striny dissects the problem and offers the solution, which is a return to singing in the "Head Voice," the only true operatic sound. For the past sixty years, the knowledge that there are thirty-two muscles, bones, ligaments, and sinewy masses of tissue located around the larynx led teachers and students to chase this anatomical knowledge in search of answers to vocal theories. However, they have not learned the basic fundamental truth-those who sing

in the head voice are the only true operatic voices. The late Birgit Nilsson, international opera legend and long-time friend, mentor, and teacher to Striny, shares her insights with Striny and the reader throughout the book. Head First is a must for teachers, students, professional singers, and opera lovers who will gain valuable insight into the "voice of opera."

Obsessed

A Memoir of My Life with OCD *Simon and Schuster*

A brave teen recounts her debilitating struggle with obsessive-compulsive disorder—and brings readers through every painful step as she finds her way to the other side—in this powerful and inspiring memoir. Until sophomore year of high school, fifteen-year-old Allison Britz lived a comfortable life in an idyllic town. She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with brain

cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act “normal,” the once-popular Allison became an outcast. Her parents questioned her behavior, leading to explosive fights. When notebook paper, pencils, and most schoolbooks were declared dangerous to her health, her GPA imploded, along with her plans for the future. Finally, she allowed herself to

ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison's descent and ultimately hopeful climb out of the depths.

Seeing Mary Plain: A Life of Mary McCarthy *W. W. Norton & Company*

A revealing portrait of the dramatic life of writer and intellectual Mary McCarthy. From her Partisan Review days to her controversial success as the author of *The Group*, to an epic libel battle with Lillian Hellman, Mary McCarthy brought a nineteenth-century scope and drama to her emblematic twentieth-century life. Dubbed by Time as "quite possibly the cleverest woman America has ever produced," McCarthy moved in a circle of ferociously sharp-tongued

intellectuals—all of whom had plenty to say about this diamond in their midst. Frances Kiernan's biography does justice to one of the most controversial American intellectuals of the twentieth century. With interviews from dozens of McCarthy's friends, former lovers, literary and political comrades-in-arms, awestruck admirers, amused observers, and bitter adversaries, *Seeing Mary Plain* is rich in ironic judgment and eloquent testimony. A Los Angeles Times Best Book of 2000 and a Washington Post Book World "Rave".

Soledad *Simon and Schuster*

Tía Gorda has always claimed Soledad was born con la pata caliente -- with feet burning to be anywhere but here. In truth, Soledad couldn't wait to get

beyond the stifling confines of West 164th Street, away from her superstitious, contentious family with their endless tragedies and petty fights; from the leering men with their potbellies, the slick-skinned teen girls with their raunchy mouths and snapping gum. At eighteen, Soledad couldn't get away from the volume and the violence of the barrio some call Dominican Heights fast enough. Two years later, an art student at Cooper Union with a gallery job and a hip East Village walk-up, Soledad feels eminently cool and infinitely far from the neighborhood where she grew up. But when Gorda calls with the news that Olivia, Soledad's mother, has lapsed into an emotional coma, Soledad knows she hasn't escaped la familia. Gorda insists

Soledad's return is the only thing that will cure Olivia. Fighting the memories of the life she's left -- the broken hydrants on littered corners, her jealous cousin Flaca, her bizarre mother and, curiously, images of her mother's Dominican youth -- Soledad returns home to Washington Heights. Her journey has only begun. As Soledad tries to salvage her damaged relationship with Olivia, tame Flaca's raucous behavior, tolerate her zany Tía Gorda and resist falling for Richie, a soulful, intense man from the neighborhood, she also faces the greatest challenge of her life: confronting the ghosts from her mother's past. Rich, evocative and wise, Soledad is a wondrous story of culture and chaos, of family and integrity, myth and mysticism. Angie Cruz is a dazzling new

voice, a Latina literary light whose passionate debut in *Soledad* surely marks the beginning of a remarkable career.

The Laughing Monsters

A Novel *Farrar, Straus and Giroux*

Denis Johnson's New York Times bestseller, *The Laughing Monsters*, is a high-suspense tale of kaleidoscoping loyalties in the post-9/11 world that shows one of our great novelists at the top of his game. Roland Nair calls himself Scandinavian but travels on a U.S. passport. After ten years' absence, he returns to Freetown, Sierra Leone, to reunite with his friend Michael Adriko. They once made a lot of money here during the country's civil war, and,

curious to see whether good luck will strike twice in the same place, Nair has allowed himself to be drawn back to a region he considers hopeless. Adriko is an African who styles himself a soldier of fortune and who claims to have served, at various times, the Ghanaian army, the Kuwaiti Emiri Guard, and the American Green Berets. He's probably broke now, but he remains, at thirty-six, as stirred by his own doubtful schemes as he was a decade ago. Although Nair believes some kind of money-making plan lies at the back of it all, Adriko's stated reason for inviting his friend to Freetown is for Nair to meet Adriko's fiancée, a grad student from Colorado named Davidia. Together the three set out to visit Adriko's clan in the Uganda-Congo borderland—but each of these travelers

is keeping secrets from the others. Their journey through a land abandoned by the future leads Nair, Adriko, and Davidia to meet themselves not in a new light, but rather in a new darkness.

"Touches and dazzles and entertains. An enchanting novel." --The New York Times
In this moving, poignant novel by the bestselling author of *Birds of America* we share a grown woman's bittersweet nostalgia for the wildness of her youth.

The summer Berie was fifteen, she and her best friend Sils had jobs at Storyland in upstate New York where Berie sold tickets to see the beautiful Sils portray Cinderella in a strapless evening gown. They spent their breaks smoking, joking, and gossiping. After work they followed their own reckless rules, teasing the fun out of small town life, sleeping in the family station wagon, and drinking borrowed liquor from old mayonnaise jars. But no matter how wild, they always managed to escape any real danger—until the adoring Berie sees that Sils really does need her help—and then everything changes.
