More generally, the birthplaces of our research team span three continents, with only one of us born in the United States. Our research predicts that cooperation evolves in the presence of strong connections. In collaborating on this project, we built new strong connections, which we hope will

lead to continued cooperation on many future endeavors.

A most cooperative network | Nature Research Ecology ...

Cooperation can be completed by dividing the labor between the participants to solve the assigned portion of the problem individually.

Collaboration is like an orchestra in which the same script is followed by every musician and everyone will play his own role to get a sweet and melodious tune

instead of his own sake.

Difference between Collaboration and Cooperation | ezTalks

It takes a joint effort to get the best results for our workforce and everyone who uses the railway. Our team considers the needs of many different groups: from the young engineers of the future to those shaping our railway right now, and people across the country who travel by train to see family, friends and for work.
