Lost in a becalmed sea, in a netherworld where evil manifests itself in hideous forms, the survivors of the Mara Corday have an eternity to find a way out - if they aren't killed first by the creatures stalking them. "They expected torment and death. They expected thirst and drowning. They expected starvation. They expected suffering in all its guises

and, yes, they expected things to come at them out of the mist, the sort of things that had crawled alive and breathing from nightmares and cellars and dank dark places. And on this matter they were right." Dead Sea

Dead Sea

Dead Sea Chronicles

RETURN TO THE DEAD SEA Come back to a mist-shrouded realm of horrors outside our own world... Come back to a place where rotting hulks drift on brackish tides and the nightmares of wayward travelers come to hideous life... Come back to a rancid ocean choked with a tangled maze of moldering vegetation and the decomposing carcasses of those who died screaming for rescue... Come back to a world where predators soar through noxious clouds, aquatic leviathans lurk in the currents below and the souls of lost sailors suffer an infinite torment on their final voyages... DEAD MEN MAY TELL NO TALES.....BUT THE DEAD SEA DOES.

Dead Sea

Graveworm

GRAVEWORM By night he creeps through cemeteries. By night he violates graves. By night he sleeps with the dead. And by night he stalks new victims. His new victim is Lisa Coombes. GRAVEWORM His message to Tara Coombes is simple: He has buried Lisa alive. Her air is running out. It's time to play the game. And if Tara doesn't do exactly what he says and perform every gruesome appointed task, the next time she sees her sister, she'll be a corpse. GRAVEWORM He dances with the dead and it is through his mouth that they scream.

Skin Medicine

Civil war veteran and bounty hunter Tyler Cabe, who is tracking a merciless murderer, must find a way to battle something beyond the imagination of living man. "Tim Curran goes hell-bent for leather in this supernatural thriller set in the Wild West, and he scores a big, bloody bullseye. Writing in the rich language of a Dark Angel on hell brewed whiskey, Curran gives us the scariest beasts ever to fork legs over a horse. Skin Medicine is a wild ride into the Dark Frontier." Randy Chandler Author of Bad Juju

The Underdwelling

With a kid on the way, Boyd needed the

job bad. But the idea of going underground at the Hobart Mine, down into the dark labyrinth of tunnels to get at the raw ore, left him with a brooding sense of unease. Maybe it was the fact that his father had died down in the mines or maybe it was something much worse. Digging a new drift down in Level #8, the lowest level of the mine, an immense shaft opens up. Boyd and a few others volunteer to explore it. Some 400 feet down, they find a passage that leads to an immense cavern from prehistory. A petrified world. A prehistoric graveyard. Then a cave-in traps them down there. In the darkness and dank shadows of a fossilized world, they realize they are not alone. Something has woken in the stone. Something ancient and terrible and coldly intelligent. And it is lonely.

Zombie Pulp

From the corpse factories of World War I, where graveyard rats sharpen their teeth on human bones to the wind-blown cemeteries of the prairie where resurrection comes at an unspeakable price...from the compound of a twisted messianic cult leader and his army of zombies to a post-apocalyptic wasteland where all that stands between the living and the evil dead is sacrifice in the form of a lottery. Dead men do tell tales. And these are their stories. *Zombie Pulp* is a collection of 9 short stories and 2 never before published novellas from the twisted undead mind of Tim Curran.

Fear Me *Crossroad Press*

Shaddock Valley. A maximum security prison that houses the worst of the worst: drug gangs, psychopaths, rapists, gangsters, and outlaw bikers. In a place like that, a skinny little kid like Danny

Palmquist doesn't stand a chance. It doesn't take long before the hardtimers move in on him. Then they begin to die horribly. In locked cells. When the lights go out at Shaddock Valley, the nightmare begins. When Danny Palmquist goes to sleep, something else wakes up. Something primeval. Something bloodthirsty. And if you mess with Danny Palmquist, it will find you. And in the darkness, nothing can save you.

Sick Things

An Anthology of Extreme Creature Horror *Red Room Press*

Comet Press presents the ultimate collection of extreme creature horror with 17 deviant and gore-soaked stories featuring demons, cannibals, mutants, golems, werewolves, and many more vile creatures. Brace yourself for a wild and bestial ride in these disturbing tales of *Sick Things*. *FANGORIA MAGAZINE REVIEW* "Cover every orifice. Comet Press' new collection *SICK THINGS: AN ANTHOLOGY OF EXTREME CREATURE HORROR* is making a beeline for the soft contents of your body—and it doesn't care one bit where it makes its grand entrance, orbital sockets or otherwise. Rest assured this violation will be painful, given the tight confinements of our fallible frames of flesh—but anything less than a full-on ass-rape would probably seem insufficient in the eyes of editrix Cheryl Mullenax. Read on at your own stomach's peril." *FATALLY YOURS REVIEW* "If you are an extreme fan of horror looking for the ultimate in disgusting, vile and disturbing fiction, *Sick Things: An Anthology of Extreme Creature Horror* is a must-read...just make sure you have your barf bag handy!" *TOXIC GRAVEYARD REVIEW*

"Recently I've discovered the awesomeness that is Comet Press. There is a myriad of small press horror publishers out there, and more seem to be popping up all the time. Many times these small press companies promise "extreme" horror but often what you get is a poorly edited book riddled with grammatical and spelling errors with mediocre unknowns sandwiched between old stories from established authors. Thank goodness for Comet Press. I've reviewed their previous releases *Vile Things* and *The Death Panel* and loved em both. The bar was set high for *Sick Things*, and it soared over it on cloven hoof."

Although the novel ends in mid-sentence, it is usually regarded as complete in the extant form.
