media law and practice the kenyan jurisprudence

Media Law is a legal field that relates to legal regulation of the telecommunications industry, information technology, broadcasting, advertising, the entertainment industry, censorship, and internet and online services among others. As the popularity of various media have proliferated, the

field of media law has become more important.

Media Law - HG.org

There are three general areas of interest within media law. The first is print media, including newspapers, magazines, print advertising and so forth. The second is telecommunications, including radio and television broadcasting. Finally, digital communications and the Internet are a broad field within media law, and as the Internet evolves, this frontier is constantly changing.

Media Law And Practice [EBOOK]

The explosion of digital media has had a huge impact on this area of practice and the law itself has been racing to catch up. Media law practitioners need to keep up with relevant case law, adjudications and new (and proposed) legislation – clients expect this. Those lawyers who enjoy being fully up-to-date on all legal developments should find this practice area particularly stimulating. The type of work carried out by media lawyers has changed.

Media law: area of practice | TARGETjobs

The media can provide a platform for interest groups campaigning for law reform. The media itself can sometimes campaign for law reform, running

numerous reports, feature stories and editorials. By reporting on trials, sentencing and other legal matters, the media provides public scrutiny and information about how the law operates in practice.
