Pharmaceutical Law Regulation Of Research Development And ...

Pharmaceutical regulations, or medicines regulations, have been defined as the combination of legal,

administrative, and technical measures that governments take to ensure the safety, efficacy, and quality of medicines, as well as the relevance and accuracy of product information [12,13] [12] [13]. The term “regulation” includes a variety of texts (e.g. guidelines, recommendations, procedures, policies, etc.) that have different legal bases and authority.
