Nikon F100 Review. Is this the best film camera for most

...

The F100 is the world's second-best 35mm SLR camera. I was happy to pay full price, about \$1400, in 1999, for mine. I could have paid not much more for the F5 at the time, but I preferred the newer F100.. As of 2007, I got a Nikon F6 which is a somewhat better camera, but way more expensive. If money matters, get a used F100 for a few hundred dollars and you'll have gotten the deal of the century.

Nikon F100 Review - Ken Rockwell

While the F4 and F6 offer almost complete compatibility with all of Nikon's F-mount lenses – including matrix metering with manual focus lenses – the F100 does not. Matrix metering is possible with Nikon's D- and G-series lenses only. And while the F5 could be modified to accept pre-Ai lenses, no such modification is possible on the F100.

Nikon F100 Review - The Ultimate 35mm Film SLR Value ...

Who is the Nikon F100 for? Nikon marketed the F100 as a prosumer level camera. But, that designation does so little justice to the camera. Judging by how the camera is designed and built, and what all it has to offer, Nikon could have easily called it a professional ready body. The body's construction is well suited for professional photographers who work in adverse conditions.

Nikon F100 Review (A Rugged Pro Camera!) | Cultured Kiwi

The Nikon F100 lives up to its reputation. After using digital SLR cameras for about a year, I thought I would experiment with film a little bit. There were cheaper, lighter options, but the Nikon F100 caught my eye with its well constructed body, and professional feature-set. This camera will surely satisfy your needs.

Nikon Camera Manuals | Nikon

Nikon F100 Professional camera. The camera is in great condition and takes great photos. It has been little used since I bought it but I've run about 10 rolls of film through it and it works great and takes great shots. It has heavy-duty construction to the build and is very durable. The lens comes with it and is in great shape, too.

nikon f100 camera | eBay

But remember, too, that the F100 is a wonderfully nice manual mode camera. You could just as easily put the camera in manual exposure mode, meter, and leave autofocus set as it comes with the camera. In short, the F100 (and the F5) both have a rich complexity of features that allow most photographers to customize the camera to their personally shooting style.

Nikon F100 Review | byThom Filmbodies | Thom Hogan

The Nikon F100 is a 35 mm film-based single-lens reflex camera body introduced in 1999. It is often thought of as a scaled-down version of the Nikon F5, and as a precursor to the Nikon F6. The F100 was discontinued, along with most other Nikon film cameras, in 2006. Nikon still markets two 35 mm film cameras, the F6 and the FM10, the latter is made under contract by Cosina.

Nikon F100 - Wikipedia

The Nikon F100 - Enjoy the character of 35mm Film Photography! My name is Doug Ward and I am a Professional Photographer. I do a lot of Travel and Art Photography. After a few years of using Nikon Digital SLR cameras, I wanted to do some work with film again to get a different look on my projects. So I chose the Nikon F100 35mm camera.
