Regional migration governance can transcend the historical and political embeddedness of member state approaches to migration while also providing a context within which the meaning of neo-liberalism is constructed and contested.

Transnational Diffusion or Different Models? Regional ...

Transnationalism is a scholarly research agenda and social phenomenon grown out of the heightened interconnectivity between people and the receding economic and social significance of boundaries among nation states. The term "Trans-National" was popularized in the early 20th century by writer Randolph Bourne to describe a new way of thinking about relationships between cultures. However, the term itself was coined by a colleague in college. Merriam-Webster Dictionary states 1921 was the year the

Transnationalism - Wikipedia

The article discusses the transformations of gender relations due to transnational migration between Bangladesh and Malaysia. It is shown that the uneven economic development in Asia during the last decades has not only initiated new migration movements and patterns but has also led to a feminization of migration, which has resulted in transformations of gender relations.
