Psychology and Dentistry: Mental Health Aspects of Patient ...

Mental illness and oral health. There is a close connection between the health of the body and that of the mind. There is further evidence to suggest those who experience mental illness also suffer with poor oral health. Some of the most common mental illnesses that can have a negative impact on a person's oral health include: anxiety and panic attacks, depression, eating disorders, obsessive-compulsive disorder, self-harm, schizophrenia and psychosis.
