To Train Up a Child by Michael Pearl - Goodreads

Answer: Solomon’s advice to parents is to “train a child in the way he should go, and when he is old he will not turn from it” (Proverbs 22:6). Raising and training a child within the context of this proverb means that it begins with the Bible, as “all Scripture is God-breathed and is useful for teaching, rebuking, correcting and training...” (2 Timothy 3:16).

What does it mean to train up a child in the way he should ...

This suggests that the initial imperative calls for parents to actively devote or commit their youth to a certain, perhaps even religious, course of action —

continually pleading in the presence of God and others, “May what happens in the life of this young one ever magnify the greatness, worth, sufficiency, and saving power of our God.” “Train up” may, therefore, be too weak of a translation and miss the potential element of consecration to religious and moral direction (Waltke, 204).
