The title will be read by many people. Only a few will read the entire paper, therefore all words in the title should be chosen with care. Too short a title is not helpful to the potential reader. However too long a title can sometimes be even less meaningful. Remember a title is not

an abstract. Also a title is not a sentence. Goals:

TITLE - Writing a Scientific Paper - Research Guides at ...

Title Scientists do not often spend much time on the titles of their manuscripts, but many authors consider the title to be the most important part of any written work. In addition to catching the eye of potential readers, the title is your first chance to make a good impression on reviewers and journal editors.

Choosing a Catchy Title for Your Scientific Manuscript | AJE

Scientific writing is a technical form of writing that is designed to communicate scientific information to other scientists. Depending on the specific scientific

genre—a journal article, a scientific poster, or a research proposal, for example—some aspects of the writing may change, such as its purpose, audience, or organization. Many aspects of scientific writing, however, vary little across these writing genres.

What is scientific writing? « Write Like a Scientist

Scientific writing is not just writing about science; it is the technical writing that scientists do to communicate their research to others. Scientific writing is predicated on the rigors of scientific inquiry, so it must reflect the same precision as that demanded in the research process. Scientific communication demands precision (the precise use of words and phrases),

clarity, and economy.

The Basics of Scientific Writing | Graduate Connections ...

The first aspect of your publication your readers come across is the title. So writing a catchy title will hook your audience and make them want to read the rest of your paper. Journal editors are also likely to give it more thought and send it for peer review. The key is to write a title that describes the main finding of your publication.
