danger of stories and the untold costs of keeping magic alive, perfect for fans of Rory Power and Marie Rutkoski. In River City, where magic used to thrive and is now fading, the witches who once ruled the city along with their powerful King have become all but obsolete. Moving between the decaying Old City and the ruthless New, four young queer people struggle with the daily hazards of life—work, school, dodging ruthless cops and unscrupulous scientists—not realizing that they have been selected to play in an age-old drama that revives the flow of magic through their world. When a mysterious death rocks their fragile peace, the four are brought into each other's orbits as they uncover a deeper magical conspiracy. Devastating, gorgeous, and utterly unique, *We All Fall Down* examines the complex network of pain created by power differentials, even between people who love each other—and how it is possible to be queer and turn out just fine.

Dance Lest We All Fall Down University of Washington Press

An unexpected detour can change the course of our lives forever, and, for white American anthropologist Margaret Willson, a stopover in Brazil led to immersion in a kaleidoscopic world of street urchins, capoeiristas, drug dealers, and wise teachers. She and African Brazilian activist Rita Conceicao joined forces to break the cycles of poverty and violence around them by pledging local residents they would create a top-quality educational program for girls. From 1991 to the graduation of Bahia Street's first college-bound graduate in 2005, Willson and Conceicao's adventure took them to the shantytowns of Brazil's Northeast, high-society London, and urban Seattle. In a narrative brimming with honesty and grace, *Dance Lest We All Fall Down* unfolds the story of this remarkable alliance, showing how friendship, when combined with courage, insight, and passion, can transform dreams of a better world into reality. This National Book Award nominee from two-time finalist Patricia McCormick is the unforgettable story of Arn Chorn-Pond, who defied the odds to survive the Cambodian genocide of 1975-1979 and the labor camps of the Khmer Rouge. Based on the true story of Cambodian advocate Arn Chorn-Pond, and authentically told from his point of view as a young boy, this is an achingly raw and powerful historical novel about a child of war who becomes a man of peace. It includes an author's note and acknowledgments from Arn Chorn-Pond himself. When soldiers arrive in his hometown, Arn is just a normal little boy. But after the soldiers march the entire population into the countryside, his life is changed forever. Arn is separated from his family and assigned to a labor camp: working in the rice paddies under a blazing sun, he sees the other children dying before his eyes. One day, the soldiers ask if any of the kids can play an instrument. Arn's never played a note in his life, but he volunteers. This decision will save his life, but it will pull him into the very center of what we know today as the Killing Fields. And just as the country is about to be liberated, Arn is

handed a gun and forced to become a soldier. Supports the Common Core State Standards.

From the author of the bestselling *The Reason I Jump*, an extraordinary self-portrait of a young adult with autism “Essential reading for parents and teachers of those with autism who remain nonverbal.”—Temple Grandin Naoki Higashida was only thirteen when he wrote *The Reason I Jump*, a revelatory account of autism from the inside by a nonverbal Japanese child, which became an international success. Now, in *Fall Down 7 Times Get Up 8*, he shares his

thoughts and experiences as a young man living each day with severe autism. In short, powerful chapters, Higashida explores school memories, family relationships, the exhilaration of travel, and the difficulties of speech. He also allows readers to experience profound moments we take for granted, like the thought-steps necessary for him to register that it's raining outside. Acutely aware of how strange his behavior can appear to others, he aims throughout to foster a better understanding of autism and to encourage society to see people with disabilities as people, not as problems. With an introduction by the bestselling novelist David Mitchell, *Fall Down 7 Times Get Up 8* also includes a dreamlike short story Higashida wrote especially for the U.S. edition. Both moving and of practical use, this book opens a window into the mind of an inspiring young man who meets every challenge with tenacity and good humor. However often he falls down, he always gets back up. Praise for *Fall Down 7 Times Get Up 8* "[Naoki Higashida's] success as a writer now transcends his diagnosis. . . . His relative isolation—with words as his primary connection to the outside world—has allowed him to fully develop the powers of observation that are necessary for good writing, and he has developed rich, deep perspectives on ideas that many take for granted. . . . The diversity of Higashida's writing, in both subject and style, fits together like a jigsaw puzzle of life put in place with humor and thoughtfulness."—The Japan Times "Profound insights about what the struggle of living with autism is really like . . . Once again, the invitation to step inside Higashida's mind is irresistible."—London Evening Standard "Naoki Higashida's lyrical and heartfelt account of his condition is a gift to

anyone involved with the same challenges. . . . Higashida shows a delicate regard for the difficulties his condition creates . . . and is adept at explaining his experiences in language that makes sense to neurotypicals."—The Guardian

We All Fall Down

'We All Fall Down' is a user's guide to help us reduce our chances of falling and being injured during falls. Through case studies and analysis, the book provides practical advice on how to observe hazards in parking lots, on sidewalks, at doorways, on stairways, and at other locations we all encounter in our day-to-day lives. From Chapter 1 Think of all the ways we use the word fall and all the meanings it has. Probably the first thing that comes to mind is falling in love when we seem to have almost no control over what happens. We get carried away with the current and have little power to slow it down or get off. Later some people fall out of favor with the ones they love. When we are told a joke and are led up to the punch line, or when someone plays a prank on us, we fall for it. We fall victim to scams and schemes to get our money. At work and in our relationships with others, we fall in line, but we also fall behind, and sometimes we fall all over ourselves. People fall out with each other. Our faces can communicate a lot when they fall after disappointment. Often the responsibility of a situation falls on us or falls within our duty. We also fall ill as we pass viruses from one to another. Stock prices, housing prices, even the price of meat, all rise and fall, and we are often advised to take a fallback position regarding our investments. There are also waterfalls and the season of fall when we have fall colors and fall

weather. And at night darkness falls over the land. Regardless of the many meanings of the word fall, 'We All Fall Down' focuses on people actually falling from a walking, standing, or seated position due to the force of gravity. The book gives advice on how to prevent falls by showing many examples from the author's experience as an expert witness at lawsuits, but also as a practicing architect and academic with +40 years of experience.

How can we love our neighbors amid so much division and hurt? Loving your neighbor as yourself would be easy if your neighbors were all people you understood, people you agreed with, people like you. But what about playground bullies, colleagues, refugees, online adversaries? They're all our neighbors, and Jesus said to love them. Every one. But how? Lauren Casper believes the key is the lost art of empathy, stepping into other people's shoes and asking what if?—what if it were my child? What if it were me? Casper helps us discover how to identify our blind spots and tune our hearts to the stories around us; seek and extend forgiveness with grace and humility; and engage in diverse and meaningful relationships. Following these steps will enable us to connect in simple but life-altering ways, to respond to conflict with grace, bring about needed change, and shine God's unconditional love into a dark world.

All Fall Down *Penguin Group Australia*

When a bridge in the small outback town of Mululuk mysteriously collapses, the town is cut off from the world, and its citizens from each other. As the locals try to work out why the bridge fell and what it will take to replace it, old rivalries, forgotten romances and primitive drives come to the fore. Teenaged Rachel has come from 'the city' to stay with her uncle after her home life has fallen apart, and she quickly becomes involved in the quest

for the truth about the bridge. Father Nott, the local Franciscan priest, is trying to get the hysterical townsfolk to see sense, particularly his gossip-mongering friend Gussy. Shane, Janice and Craig find themselves at the heart of a devastating love triangle, with deadly ramifications that will reverberate far beyond the three of them. And the mysterious Charlie, a scruffy, charismatic alcoholic with a dark past, has a terrifying idea about what it takes to keep a bridge standing. In a town that keeps its secrets like it builds its houses - underground - Charlie's is the most dangerous of all. Wry, rich and unsettling, *All Fall Down* is a starkly Australian gothic novel about a community divided, and a chilling, archaic belief about what must be done to reunite it. 'Cassandra Austin beautifully evokes the feel of the outback, the heat and that red dirt.' *Herald Sun* 'Strange and spooky, this work is not so much a thriller as a small human drama brushed up with red dirt mysticism.' *Weekly Review* 'Affairs, past insults, tested friendships and bad habits are all laid bare as Austin weaves her complex plot between shifting perspectives in sleek, elegant prose.' *Australian Book Review*

We All Fall Down

On the morning of September 11 2001 Pasquale Buzzelli was working on the 64th floor of the North Tower of the

World Trade Center. His wife Louise was at home, seven months pregnant with their first child. She was woken that morning by a call from Pasquale who asked her to put on the television as his building was on fire. As Louise watched in horror, the events of 9/11 unfolded over the next few hours. Pasquale called her again and told her he was about to evacuate the building but, just minutes later, Louise watched as the North Tower collapsed with Pasquale still inside. She was sure she had watched her husband and father of her unborn child die in front of her eyes... Pasquale was in the middle of evacuating and reached the stairwell on the 22nd floor when the North Tower collapsed. He remembers thinking "this is how I'm going to die" as he fell with the building. Miraculously, he survived the fall and awoke three hours later perched on a pile of rubble on a concrete slab 4ft by 4ft sticking out over a huge 60ft drop. Eventually, firemen managed to get him down and he was taken to the hospital. Louise was at home being consoled by family and friends, still thinking he was dead, until late that afternoon, when the phone rang, and it was him on the other line! Pasquale was one of only 16 people to have survived the collapse of the North Tower. Although Pasquale escaped with bruising and a fractured foot, virtually unscathed, the mental scars took a lot longer to heal. In the months after 9/11 Pasquale found it hard to come to terms with what happened that he had survived and his friends and colleagues had not. He became distant from his wife and newly born baby as the guilt made it impossible for him to be happy. At the same time Louise was experiencing her own PTSD. As joyous as she was to find out her husband survived, she equally felt pain and sorrow for those whose

husbands were not as fortunate. Stories in the press would show widows and babies of men who had died in the attacks. "It is hard to imagine the pain they suffered and the strength they needed to carry out their pregnancy." Louise wrote *A Song for Hope* (named after their newborn daughter) and the money from the sale of the CD was shared among the widows and their babies born after 9/11. 'We All Fall Down: The True Story of the 9/11 Surfer' is the story of how Pasquale dealt with the horrific events of 9/11, with the PTSD and survivor guilt that followed, and ultimately with his road to recovery. For Pasquale, 9/11 will always be with him and he thinks about it every day but now, 10 years on, he has realised the best way to respect the memory of those who died, he needs to live for his life again ... "I could not control what had happened to me but now I can control how I would lead my life. How I would be the father and husband that my family deserved and to help and respect my fellow man as I was taught to do by my father".
