A Place of My Own

The Architecture of Daydreams *Penguin*

"A glorious piece of prose . . . Pollan leads readers on his adventure with humor and grace." —Chicago Tribune A captivating personal inquiry into the art of architecture, the craft of building, and the meaning of modern work "A room of one's own: Is there anybody who hasn't at one time or another wished for such a place, hasn't turned those soft words over until they'd assumed a habitable shape?" When Michael Pollan decided to plant a garden, the result was the acclaimed bestseller *Second Nature*. In *A Place of My Own*, he turns his sharp insight to the craft of building, as he recounts the process of designing and

constructing a small one-room structure on his rural Connecticut property—a place in which he hoped to read, write, and daydream, built with his own two unhandy hands. Michael Pollan's unmatched ability to draw lines of connection between our everyday experiences—whether eating, gardening, or building—and the natural world has been the basis for the popular success of his many works of nonfiction, including the genre-defining bestsellers *The Omnivore's Dilemma* and *In Defense of Food*. With this updated edition of his earlier book *A Place of My Own*, readers can revisit the inspired, intelligent, and often hilarious story of Pollan's realization of a room of his own—a small, wooden hut, his "shelter for daydreams"—built with his admittedly unhandy hands. Inspired by both Thoreau and Mr. Blandings, *A Place of My Own* not only works to convey the history and meaning of all human building, it also marks the connections between our bodies, our minds, and the natural world.

My Happy Place

How I DIY'd My Own Bliss *Katie Fehlinger*

The 2:45 A.M. alarm was always going to have a shelf life. Katie had an existence that looked great on paper with a big market on-air TV career. But out of the public view, she was miserable. No one else was going to fix her situation. In *My Happy Place*, Katie lays out her DIY roadmap to authentic personal bliss: how she self-audited and beat down roadblocks to actualize her most joyous path, plus her practical steps to ensure the good times keep rolling. A relatable,

hopeful memoir/how-to hybrid, *My Happy Place* is for all the people-pleasers trying to take back control of their own lives. "Katie's writing is so authentic, you don't even feel like you're reading. You feel like you're part of a great conversation. Be ready to cry a little and laugh a LOT. *My Happy Place* is both painful and uplifting, and filled with practical advice to find your own joy." - Chris Jansen, Head of U.S. News and Publishing, Google "My Happy Place is an entertaining, fun, and relatable read that shows what can happen when you bet on yourself and conquer the self-doubt nonsense that holds you back." - Christine Hunsicker, Founder and CEO of CaaStle and Gwynnie Bee, star of Project Runway: Fashion Startup "Success is so much more than a paycheck. For each of us to be truly happy, our work and lives need to strike a better balance. Katie's powerful story proves the mainstream American concept of living the dream isn't necessarily everyone's ideal." - Alejandro Bedoya, Professional Soccer Player, Philadelphia Union Captain, U.S. Men's National Team "Katie's book is inspiring, relatable, humorous and a breath of fresh air! This is a wonderful book that will motivate you as well!" - Dr. Jennifer Caudle, Family Physician, TV Health Expert, Associate Professor, Rowan University

The Omnivore's Dilemma

A Natural History of Four Meals *Penguin*

"Outstanding . . . a wide-ranging invitation to think through the moral ramifications of our eating habits." —The New Yorker One of the New York Times Book Review's Ten Best Books of the Year and Winner of the James Beard Award Author of *How to Change Your Mind* and the #1 New York Times Bestseller *In Defense of Food* and *Food Rules* What should we have for dinner? Ten years ago, Michael Pollan confronted us with this seemingly simple question and, with *The Omnivore's Dilemma*, his brilliant and eye-opening exploration of our food choices, demonstrated that how we answer it today may determine not only our health but our survival as a species. In the years since, Pollan's revolutionary examination has changed the way Americans think about food. Bringing wide attention to the little-known but vitally important dimensions of food and agriculture in America, Pollan launched a national conversation about what we eat and the profound consequences that even the simplest everyday food choices have on both ourselves and the natural world. Ten years later, *The Omnivore's Dilemma* continues to transform the way Americans think about the politics, perils, and pleasures of eating.

After leaving home at a young age and defying her parents to marry the dashing Garrett Maupin, Martha Maupin's future became bound up with some of the most extraordinary events in antebellum American history, eventually leading to her journey to a new life on the Oregon Trail. After Garrett Maupin died in 1866, leaving her alone on the frontier with their many children, Martha Maupin was torn between grief and relief after a difficult marriage. Lone mothers had few options in her day, but she took charge of her own dream and bought her own place, which is now one of the few Century Farms in Oregon named for a woman. *A Place of Her Own* is the story of the author's great-great-grandmother's daring decision to buy that farm on the Oregon frontier after the death of her husband--and story of the author's own decision to keep that farm in the family. Janet Fisher's journey into the past to uncover her own family history as she worked to keep the property interweaves with the tales from her ancestors' lives during the years leading up to the Mexican-American War in the East and her great-great-grandmother's harrowing journey across the Oregon Trail with her young family and finally tells the tale of Martha's courageous decision to strike out on her own in Oregon. Will *Penguin*

The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned.

Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

A Place of Our Own

Story of a child who live in a shelter for homeless people until her mother is able to get them a place of their own.

Joseph V Coniglio SKIN SIDE Down

The Search for Roubideau in the American Culinary Outback

You are here with me now. It's time I take you on a dreamy food adventure. Our trip takes us to the more remote reaches of the American Southwest, and to France and Belgium. But first, I am a man who once sought Roubideau -a ghost town that completely vanished. We will lose our way following a trail of bread crumbs through a maze of sandstone ravines, as iridescent crows hover over our heads. Mountain lions invisible in plain sight will mimic our pace, stalking us step-by-step. - - - The search for any trace of Roubideau became a minor obsession shortly after I moved from buttoned down New England directly to an obscure valley on the high Sonoran desert of the Uncompahgre Plateau in Western Colorado. It was alien to us. We paid in full for the radical change we sought. Uncompahgre is Ute Indian meaning "rocks that make water red." At the time the area was an agritour back drop for my family's brand new livestock, goat cheese and grass fed meat business set on a well kept pioneer farmhouse property with pasture and woods. We lived on a section of the plateau called the California Mesa. And on this, a multi-hectare farm that sat on a sweet, dry, flat, geological rise called a bench. The snow capped views were stunning with no lights of civilization. - - - Roubideau became our handle, the adopted name of the farm and company. By natural extension, 'Roubideau' became synonymous in my search for the collective soul of memorable food. It became my choice metaphor for everything missing in human taste... Each new discovery became a Roubideau Moment. - - - I count food as an engram that appears, disappears and

reappears from our memory like a mountain summit in the fog. It's hard to ask yourself, but you know. Somewhere inside, do you remember foods you haven't eaten for eons like baked Clams Casino or the memory of the first mouth watering bite of a real, genuinely sun ripened tomato that was picked deep red and plump right off the vine? (As a child on my parents farm I would take a salt shaker right out into the rows.) Your taste memory cataloged and stored - your moments. I pose the questions. Was all this merely the electrical impulses of the senses, or was it more? I think it's got to go deeper. When was the first time you tasted smoked meat? Was it the first taste of Easter ham or the bacon you were given as a child? Or were your engrams sourcing stored code? Could that first recorded moment reach back to our ancient ancestors who ate over camp fires 40,000 years ago and its all still locked in your genetics? The blessing is your taste catalog. It awaits near infinite sensory playback... Welcome to Skin Side Down, The Search for Roubideau in the American Culinary Outback. I've been keeping food journals since an early age. They're personally important to me, and my story is the way I want to share them with you. Oh, as for, Skin Side Down: when sauteing a piece of fish or duck. You've got a fast moving collection of short stories. - - - In our inevitably short, variable subjective lives, with a shared desire to reacquaint ourselves with great emotional food stuffs, a magic place like Roubideau floated in and out of reality, in and out of my own collective consciousness, in and out anywhere on earth. Like those mountain bends on the road in Midi-Pyrenees France with hidden treasures like perfect trout, tiny goat and sheep cheeses and sips of wine from bottles

without labels. In and out of my very own western farmhouse with mud on my boots and glaring dogs at my feet while I made dinner. This novel is about making Roubideau solid and informative for a little while longer - before it disappears for good in the vanishing world. Joseph V. Coniglio - Ides of March"

The Cleaner

'It's impossible not to think of Lee Child's super-selling Jack Reacher' The Times John Milton is the man the government call when they want a problem to vanish . . . but what happens when he's the one that needs to disappear? Whacked!

Skewed Views of Horror Movies That Simply Refuse to Die *Createspace Independent Pub*

Whacked! is the definitive book of insane commentaries that focus on movies of the horror and exploitation genre of the 1970s and '80s. The satiric criticism of movies featured in this book is the meat. The movies themselves serve as a backdrop. Home Video pioneer, Glen Coburn, writer/director of Bloodsuckers From Outer Space creates a quirky cast of characters that meander through his commentaries. These characters and their presence as the author's movie viewing companions are often more significant than the movies themselves. A central figure in the book is Coburn's unofficial bastard stepson, Elmo. This scruffy, unwashed young man is responsible for perpetual hijinks that often distract the author from his mission to strip down each movie to its despicable anatomy. From the author: "After years of suffering from over active sweat glands I finally realized the truth. The vaporous fumes of this book do not serve as movie reviews. My commentaries are not a sewer pipe to the understanding of movies such as, "Cannibal Buttwipes of Alabama." My flatulent essays are the entertainment itself. It was brought to my attention by a lobotomized turnip farmer that when he read these articles he was overcome

with a compulsion to witness the movies. My beautiful writing led to great inspiration in the simmering brain of this pathetic specimen of humanity. I was not alone during my adventure in self-loathing. Several people and animals were always around to stink up the place. My horrible bastard surrogate son, Elmo was at arms length most of the time. His chronic presence was disturbing and comforting in equal measure. My lovely wife, Honeypot watched some of these movies while reading a cookbook written in Braille. My darling smart-ass daughter, Princess sat in on a few viewings and quickly turned even more disgruntled. A friend of mine described this book as toilet reading. He said that each of these commentaries could be read in one sitting. If you enjoy this book, I will fawn over you until you become nauseated. Those who do not appreciate my work can go straight to hell." An excerpt: "This movie reminds me of being doped-up on cold medication. It's like waking up in a night sweat from the grip of an awful dream only to realize that you're still dreaming. When you finally wake up again, you figure out that you're in another dream. This goes on until ninety minutes have passed and you become fully alert, engulfed in a pond of your own saliva. If Christopher Nolan was drunk on window cleaner and made Inception for ten dollars, the result would be Blood of Ghastly Horror. I don't mean that in a bad way. This movie is a veritable masterpiece of making one movie out of another movie and then making another movie out of the first two. Each additional film contains new footage that is unrelated to anything in any movie ever made. The layers are intractably woven together into an irresistibly trippy gruel." Review: "Not since that other

Texas redneck has there been a critic whose collection contains such a colorful cast of characters and a trashy attitude toward the trashy films we (for no good reason) love. WHACKED is not only a nauseatingly fun read, but between all the shinola and bullstuff, I bet you'll learn a thing or two. It's a perfectly putrid addition to your vast library of otherwise stuffy film books that take themselves way too seriously." -- Michael Koopmans FANGORIA.com

Stop Sabotaging Your Life

3 Steps to Your Full Potential *Createspace Independent Pub*

In *Stop Sabotaging Your Life: 3 Steps To Your Full Potential*, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your

dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that."—Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and

patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential."
—Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth."

Memoir *American punctum books*

The texts which comprise this small book - forms of essay, talk, dialogue - at one time saw themselves as individualists who went somewhere (to small press magazines) on their own. Now they are here, collected with the chance of going nowhere together. As it should be: since they represent the fate of language and translation in the memory of aliens living inside America - like a family going nowhere together, but at home. The philosopher Jacques Derrida and his family are part of this family in the dead letter office, and curiously they are named going nowhere together at home. Along the way, so are the poets Charles Reznikoff and William Carlos Williams and Emmanuel Hocquard and Juliette Valery and Charles Olson, as well as Horace's Odes in translation. You will find in this Memoir what it means for an alien to search for his family in a book outside the time of its writing. You will find him discovering that translation is a personal story and that poetry might not have a home without it. You will find him wondering: whose voices are these which we hear around us as we write, as Babel turns to rumor through the fact of translation, wherein a book is being made and remade from American to

French and back again? You will find him through translation like a Being in the Poetry of the Extraterritorial, an un-owned territory which is neither French nor American but is negotiated by the rumor of a poetry which emerges from both, a future condition (État) which seeks the name it could be but is not. Follow this alien Being's trajectory: he is not of America but grows up in it. He publishes a book in French translation before it appears in the American English original. He becomes native to a writing whose eloquence is always in question, at times because it is passive, at other times because it is unpronounceable. Who, over time, finds his Memoir? In the dead letter office, we do. We find someone somewhat like ourselves, who uses language and translation as if these were a poet's gifts in the making of history, a history which is foreign yet integral to his homeland. We find someone who uses it to return to his own people and place, so that he can "only stand more/revealed." We find someone who will act the new basis for his identity - the consciousness whose coming into Being must be premised on his existence in another world.

Testify to the Light

The Spiritual Biography of Andy Gustafson *CreateSpace*

One December evening, Andy Gustafson came home to find his wife and children murdered—a nightmare that few can imagine surviving. Yet, in his anguish, he found a God who cried with him. Step by step, with the help of others and his faith practices, he recognized the Light that shines in the darkness, a light the darkness never completely overcomes. In time, with God's Grace, he once again found family and purpose, vocation and

fulfillment, joy. His life became a testimony to the enduring Light of God and a shining example to inspire others. Andy encouraged people to find and tell their own faith stories, particularly those stories that begin with loss, rage, and despair. An appendix provides questions for small groups to explore Andy's life story and then their own experiences, discovering personal ways to Testify to the Light. "With the pace of a Grisham novel and the depth of Annie Dillard, Testify to the Light follows the journey of one man as he moves from despair to hope. Andy Gustafson had it all: a loving wife, a growing family, a successful career, a place in his close-knit community. But when he returned home one evening to find his family brutally murdered, his world turned upside down and his journey out of that dark place began." Rev. Jane Willan, Pastor of First Congregational Church, Grafton, Mass, author of *Jump Start This Church!*"

I Am Perfect *Lubybuby*

A song book that highlights that inside everyone there is a perfect and loving heart, and that if we uncover our perfection and recognise it in others we can change the world for the better. The song takes you through the personal journey of a little monster who discovers his self worth is not defined by his physical characteristics or by the definitions placed on him by others, but by how he allows his light and love to shine. Once he understands his own value he is able to see the perfection in others even when they are hurtful. He then goes on to show that if we all recognised the perfection in each other and acted from a place of love we can change the world to a better place. "Let us live the perfection that we are and uncover ourselves to shine like a star."

Our potential never stops to spread love on this earth, it is why we are here, it is the reason for our birth."
