Stefan Bente, ... Shailendra Langade, in Collaborative Enterprise Architecture, 2012. Applying architecture to an enterprise. March and Simon (1958) define enterprises as complex systems comprising individuals or groups that coordinate actions in pursuit of common goals. During the late 1980s, John Zachman (1987) applied the notion of architecture to represent the functioning of an enterprise, specifically within the context of the enterprise IT landscape and the business environment.
