sections as per other books in the Rapid series. Rapid Clinical Pharmacology will also be available as a mobile application for iPhone, iPod Touch, iPad and Blackberry. See wiley.com/go/mededapps for further details.

No One Left Behind

How Nurse Practitioners Are Changing The Canadian Health Care System *FriesenPress*

No One Left Behind: How Nurse Practitioners Are Changing The Canadian Health Care System, is a collection of stories from NPs across Canada, sharing their most memorable experiences with patients, which clearly illustrate the critical role they play throughout the

health care system. Each story is compelling and unique in its own way; true-life accounts which will take you on an emotional journey, however, one that defines a genuine passion that exists for their work. The role of an NP has evolved significantly over the years, and is in different stages of progress throughout the country. While there are still legislative and regulatory barriers which prevent Nurse Practitioners from performing their work to the full scope of their practice, their focus on patient care remains the very foundation of their profession. This book shares a variety of stories from NPs across all sectors of the health care system to provide detailed accounts of what they do. In their line of work, they are often reminded of our shared vulnerability as a society, and

how that susceptibility connects us. NPs work with patients in all settings in their quest to achieve health—whatever that may mean to the patient. *No One Left Behind* is a moving tribute to NPs who have devoted their lives to caring for others, revisiting some of the most poignant experiences of their careers.
