Regional Economics and Policy | eBay

Regional Economies and Policies aims at developing the international and interdisciplinary nexus where the up-to-date ideas, perspectives, and experiences of regional economies and regional policies are academically exchanged, shared, and diffused. It covers regional economic, public, social, and environmental issues and phenomena emerging from local to

global interactions, whose analytical and policy implications are generalizable across regions.

Regional Economies and Policies

Regional policy is the government's policy to boost economic activity in a specific region of the country. In the case of the European Union, the term refers to a geographical area of the trading bloc. In most cases, the target of the regional policy is economically poorer than its neighbors. It might also be experiencing more problems.
